ZEPPELINS RAID ENGLAND; 29 VICTIMS

SWARTHMORE HEAD TO OPEN N. E. A. PAST PRESIDENT IS A PEACE APOSTLE

EDUCATORS WILL HEAR DR. SWAIN

Holder of Ginn Foundation Lec-
tureship Among Famous
Delegates.

Dr. Joseph Swain, past president of the National Educational Association, who will preside at the International Congress of Education in this city Monday until President David Starr Jordan assumes the presidential seat, is one of ten men who have a million dollars to expend in spreading the propaganda of international peace.

Dr. Swain is president of Swarthmore college, Pennsylvania. He was formerly professor of mathematics at Stanford university and though tendered the vice presidency of that institution, resigned in 1893 to accept the presidency of the Indiana State college, whence he went to Swarthmore. He will call the congress to order Monday morning and will respond to addresses of welcome.

ONE OF TEN DIRECTORS.

Dr. Swain is one of ten men named by the late Edwin Ginn, multimillionaire school book publisher of Boston, to serve on the World's Peace Foundation, which Ginn endowed with \$1,000,000 to be used toward securing world peace. These ten trustees employ paid directors who lecture, write stories and spread peace propaganda. One of these directors is David Starr Jordan.

Asked for his opinion as to what position the United States ought to pursue in regard to the present world conflict, Dr. Swain said:

"I believe that the policy of the United States should be that of absolute neutrality. I believe that the leadership of the United States at the present time should be a moral leadership and not a leadership of the big stick. I am not one who believes the United States can at the present time abolish its army and navy, because as does a city and as does a state, needs a police force. I hope the time will come when there will be such an agreement between nations that an international police force may be as effective at keeping the peace as such forces are effective in cities and states."

WANTS "CIVILIAN HOUSE."

That Oakland will have a vocational bureau—in other words, a clearing house between the public schools and the employees of the city—is the prediction made by Jesse Davis, vocational director of Grand Rapids, Mich. and recognized as the most leading vocational guidance exponent in the United States. He is here to attend the International Congress of Educational Societies.

"Vocational guidance means the guiding of the boy or girl towards his or her future life work," says Mr. Davis. "Our public school system in olden times was a uniform course of study which turned the children out of the one mould to drift about from one occupation to another to find themselves as best they could. Today our system of education, in response to a demand to accord more practical

GREAT LOSS IN PLUMAS FIRE

SACRAMENTO, Aug. 13.—Fire, presumably of incendiary origin today destroyed the lumber in yards of two companies at Fortola, Plumas county, at a loss variously estimated at between \$250,000 and \$2,000,000. At noon today the flames were still spreading.

The fire is sweeping toward the great sawmill of the Feather River Lumber Company. The outlook was that it would be destroyed.

All of the lumber in the yard is destroyed. The flames then spread to the yards of the California Pine Box and Lumber Company. Practically all of this was consumed.

The yard of the California Pine Box and Lumber Company contained 21,000,000 feet of lumber. In all, approximately 25,000,000 feet was destroyed in the two yards. The immense new factory of the California Pine Box and Lumber Co. stood directly in the path of the flames, but was saved after a hard fighting.

SAW MAN RUNNING.

The night watchman at the part of the Feather River Lumber Co. states he saw the fire shortly after it started and ascertains he saw a man running away from the spot.

The alarm was immediately given, but all efforts to check the flames were fruitless.

After the fire had gained some headway, so intense was the heat the fire fighters could not get within a hundred yards of the flames.

Not a steam tug, barged against the burning piles by the Western Pacific engine and the use of dynamite were both unavailing to check the course of the flames.

All the plants have water available, while the yards had no fire protection whatever. The California Pine Box Lumber Co. expected to start its factory in fifteen days. This fire will delay their initial run several months.

URGENT FUND TAPPED BY MAYOR

At the request of Mayor Davis the city council today adopted a resolution appropriating \$100 for the use of that official. The money is to be taken from the urgent necessity fund. The charter provides that the mayor may draw \$500 from this fund annually and give no explanation to the council as to its use, but provides that vouchers showing how the money has been spent shall be given to the council after its expenditure.

"What are you going to do with that \$100, mayor, if it is anybody's business?" Mayor Davis was asked.

"Well, it is none of your business," the mayor answered laughingly.

Pressed further for an explanation, the mayor refused to tell anything about it, stating that the mayor's emergency fund was provided for cases where the mayor desired to make expenditures of money for private investigations or other purposes, concerning which publicity might be objected to.

\$100 ONCE BEFORE.

The fact that the sum asked for by the mayor is identical with the amount of a bill rejected recently by the city auditor, is causing some comment among attaches of the city hall. The bill was one of those rendered in connection with the Fourth of July celebration, which marked the inauguration of Mayor Davis and the two new commissioners. Among the bills totaling \$2400 presented to the city in addition to the \$2000 paid by the county, was one for \$135.00 for Captain Walter Seammell. On this bill, at the urgent request of Captain Seammell, the auditor consented to pass the \$35.00 as it was itemized in accordance with the provisions of the charter. The remainder of \$100 he refused to pass as the only explanation of it was that it was used "for entertaining invited guests."

Auditor Clax explained when he was asked today as to the status of this bill, that Captain Seammell had declined to itemize the portion covered by the \$100 and had taken the bill away explaining that he would take the matter up with the mayor.

MORGAN NOT HEARD.

Ross Morgan, an engineer, who has been advising Mayor Davis regarding street matters, and former city engineer, was not permitted to address the council this morning when he sought to enter protest against proceedings for the extension of Martin street.

"I think this matter should be taken up with the city attorney," said Commissioner Seammell as soon as Morgan began to talk. "If you will remember, Mr. Mayor, this thing was thrashed out before this council three weeks ago and at that time it was decided that it was all a legal question."

"It is not a legal question, it is a matter of fact," interrupted Morgan. "I want these proceedings quashed because next Monday is the last day on which the people in this assessment district may pay their assessment. There have been irregularities

RUSSIAN ARMY ESCAPES GERMAN TRAP POLISH CITY SIEGE FALLS

Slav Forces Stubbornly
Oppose Advance on
Bialystok

Teuton Armies May Be

By Associated Press.
BERLIN, via London, Aug. 13, 4:45 p. m.—The Polish city of Siedlce, fifty miles southeast of Warsaw, has been captured by the Germans. Announcement to this effect was made today at army headquarters.

CZAR'S ARMIES EXTRICATED

PETROGRAD, Aug. 13, 12:42 p. m., via London, 3:35 p. m.—The Russian armies having successfully extricated themselves from the Warsaw sack in which the Germans tried to enclose them, are now stubbornly opposing the German advance toward Bialystok, on a line seventy miles to the east of Warsaw and on both sides of the railroad between the Polish capital and Bialystok.

The Baltic German campaign appears to be at a standstill, with the Russians astride the highway between Vilkomir and Pomeranesh, threatening the communications between these invading armies.

The Germans are approaching slightly nearer to Kovno. They are pounding that position with their heavy guns, to which Russian artillery is replying effectively. Possants who escaped from the German labor gangs describe the deliberate preparations for the assaults on Kovno, which were begun three months ago. The Germans imported an enormous mass of structural materials, built a paved road from the westward and dug foundations 15 feet deep for mortars, taking endless pains in preparing the cement platforms.

When the refugees escaped No. 42 centimetre guns had arrived, but those of small calibre, each requiring three large tractors, were being hauled into position.

BALTIC FLANK HOLDS FOE

By Associated Press.
LONDON, Aug. 13, 12:45 p. m.—The Russians, for the time being, are holding in check the Baltic flank of the German armies which are struggling to cut the Warsaw-Petrograd railroad, and are battling toward the Russian capital. This has been accomplished with the aid of reinforcements and by virtue of one counter-attack after another.

The German attacks toward Riga have been repulsed and the railway junction at Dvinsk remains in Russian hands. From Ostrolenka, north of Warsaw, to Chelmin in the south, the frontiers of the Baltic have been held by the Russian army.

Contrary to many reports, the main line of communication between the Baltic and the German army has not been cut through. It would be cut if the Germans were to take Dvinsk. The approaching meetings of both the Greek and Serbian parliaments are expected to bring the Balkan situation to a head, though for the moment Greece and Serbia remain neutral in their refusal to side with either.

WINGS PROTECT BIG ARMY.

By Associated Press.
LONDON, Aug. 13.—The British battle-ship Kheven-Bores, a gun-boat and a transport, was dispatched to the Times from Liverpool, the two British submarines which accompanied the fleet drew close to shore and shelled a column of Turkish troops marching toward the town of Gullinoli, inflicting heavy losses upon them.

The allies in the Dardanelles are greatly elated at the success of the Kheven-Bores, which was a triumph in its own right because the accurate fire of its 12-inch guns more than once sank the transports of allied troops upon the coast.

SUBMARINES SHELL TROOPS

By Associated Press.
LONDON, Aug. 13.—It is understood that the Peruvian government has entered upon negotiations for the flotation of a loan in New York.

RUSSIAN ARMY ESCAPES GERMAN TRAP POLISH CITY SIEGE FALLS

6 PERSONS ARE KILLED; 23 HURT BY AIR BOMBS

Fourteen Houses Are Damaged;
One Airship Is Hit, but
Finally Escapes

SECOND ATTACK MADE IN WEEK

LONDON, Aug. 13, 5:05 p. m.—Official announcement was made today of an airship raid last night on the east coast of England.

Six persons were killed. One Zeppelin, the announcement says, probably was damaged, but escaped.

The official announcement says that six persons were killed, twenty-three were injured and fourteen houses were damaged seriously by bombs. The text of the announcement follows:

"Two Zeppelins visited the east coast last night between 9:30 and 11:45 o'clock, dropping incendiary and explosive bombs in various places, resulting in the following casualty:

"Killed four men, two women; injured three men, eleven women, nine children, all civilians. Fourteen houses were seriously damaged.

"The Zeppelins were engaged at some points but succeeded in getting away from our air craft patrols. One of the Zeppelins was probably damaged by the mobile anti-air craft section."

TAX RATE FIXED AT \$1.96

Promised Reduction in
Tax Rate Is Two
Cents

Budget to Be Presented
Monthly Now
Ready

Final agreement was reached at an executive session of the city commissioners today concerning the budget for the current fiscal year. The tax rate will be \$1.96 on the \$100 assessed valuation, or if it goes over this it will probably be by a fraction of a cent. The tax rate for the past fiscal year was \$1.98.

The budget will be presented Monday, but it was informally agreed today that there should be no changes in it from the items agreed upon at the executive session. The cut is practically to a maintenance basis as there will be almost no betterments, with the exception of those which are already contracted for and a few which were so urgent a necessity that they could not be delayed.

The new administration, headed by Mayor Davis, made its campaign on promises of a sweeping reduction of the tax rate. Mayor Davis declared that he was familiar with city conditions and the entire fiscal affairs of the municipality and that \$1.96 would reduce the tax rate. The commissioners had an assessed valuation on property totaling over \$142,000,000. This sum is over \$1,000,000 higher than the assessed valuation of a year ago, upon which the old city council realized sufficient revenue for a tax rate of \$1.98. Despite this, the new administration has promised a reduction of more than 2 cents.

Cuts have been made in the playground and park department estimates, a number of storm sewers requested by the street department to provide better conditions in the annexed district and the hill district in regard to winter drainage, were eliminated. There was a large pruning in the department of public works, where harbor betterments were dispensed with and the estimates of Commissioner of Public Health and Safety F. F. Jackson were so severely cut that he had only \$400 left in his appropriation for the police department after paying salaries and other expenses which are absolutely provided for on the lowest possible maintenance basis.

JACKSON WINS POINT.

Dr. Jackson made a fight to have some of the things he had demanded put back in the budget and succeeded in having returned to him within \$12,000 and \$15,000 today, this meaning about a cent in the tax rate. Dr. Jackson absolutely demanded certain fire apparatus which he declared was absolutely essential. He declared that the police department must be increased as conditions this winter concerning unemployment and an influx of seasonal laborers from the country may bring about a difficult situation.

The betterments allowed will total \$200,000, according to Commissioner Edwards.

APPEAL FOR TRUCE IS SENT TO MEXICO

HOUSTON, Tex., Aug. 13.—Rumors that border bandits are crossing Santa Gertrudis ranch and are headed toward Kingsville have led to the organization of night guards to patrol the residential sections of that town. The street lights are being turned off at 11 p. m.

By Associated Press.
WASHINGTON, Aug. 13.—The inter-American appeal to all factions in Mexico agreed upon by the Pan-American conference is expected to go forward today. The text will not be made public until it has been communicated to all the heads of the factions and governors of the Mexican states. Secretary Lansing said today there would be no further conference with the Latin-American diplomats until replies have been received.

No change in the Vera Cruz situation was recorded in Navy Department dispatches. The battleship Louisiana and New Hampshire still "were proceeding southward" today, and it was expected that they will go directly to Mexican waters in the vicinity of Vera Cruz.

General Villa's proposal of a three months' truce for a peace conference has not been acted upon by this government.

President Wilson personally took up the situation on the Mexican border today with Acting Secretary Breckinridge of the War Department and gave directions that sufficient troops be held ready for any emergency.

FUNSTON'S WISH WAITED.

Governor Ferguson's telegram asking for more troops is being held at the War Department awaiting any further word from Major General Funston. Acting Secretary Breckinridge reported there were no new disorders today.

A detailed statement of the distribution of the troops has been laid before the president and officials take the view that the army can be used further only if the governor of Texas were to certify in a constitutional manner that he cannot control the situation with the state authorities and ask for federal aid.

Announcement was made here today on behalf of General Villa by his Washington agents that all the civil and military of his party would eliminate themselves if necessary for the success of a Mexican peace conference.

Acting Secretary Breckinridge said after his conference with the president that General Funston had asked

STREET CARS CRASH; 12 ARE HURT

LOS ANGELES, Aug. 13.—Dashing down hill on tracks made slippery by oil dripped from automobiles, an Angeleno Heights street car crashed into a heavily-loaded Glendale suburban electric train in the north end of the city. Twelve persons were injured and taken to the police emergency hospital.

There were twenty women and children aboard the Glendale car, which was struck by the Angeleno Heights car. A number attempted to jump through the windows and were severely cut by broken glass. Both cars were practically wrecked. Among the injured were two babies.

The street car was operated with contact brakes. They slipped on the oil trails. Most of the injured were on the Glendale train.

Bathtub Bluebeard Hanged for Murders

By Associated Press.
LONDON, Aug. 12.—George Joseph Smith, the wife murderer, was hanged today at Wandsworth. Smith was found guilty by a jury on July 1. He was accused of murdering three wives in order to collect their insurance money. In each case the victim was found drowned in a bathtub soon after the wedding ceremony.

After Smith was sentenced, the court declared that the prisoner and gone through the ceremony of marriage with two other women, both of whom he had robbed of money.

Oakland Rated Third City in California

Oakland's position as the third largest city in the state of California was confirmed last night in the official report issued by the State Controller on the population of California cities and their wealth. Oakland was estimated in this report to be a city of 215,000. San Diego is fourth and Sacramento fifth.

The report shows an increase in taxes in every city in the state.

City Closed by Fern Hobbs Is Wiped Out

By Associated Press.
DALLAS, Ore., Aug. 12.—Copperhead, Ore., which came into prominence when Fern Hobbs closed the saloons there under order from Governor Oswald West, is practically wiped out last night by a fire believed to have been of incendiary origin.

Peru Seeks to Float Loan in New York

By Associated Press.
LIMA, Peru, Aug. 12.—It is understood that the Peruvian government has entered upon negotiations for the flotation of a loan in New York.

Council Will Try to Raise Assessment

An attempt will be made by the city council, sitting as a board of equalization next week, to add to the assessment of downtown property the sum of \$2,524,255 by adding in the affected property owners in the district bounded by Twenty-second street to the waterfront and from Clay to Jackson street. This action was ordered by the city council in the investigation and is the result of the investigation of City Revenue Expert C. Stuart MacMullen, in which he discovered that the city assessment on the property in this district was \$2,524,255 less than that of the county assessor.

Immediately after the meeting Town Property Owners Association, which represents \$12,000,000 south of Twelfth street, announced that should the city officials persist in this plan his organization will take legal steps to quash the proceedings. This action will be based on a recent investigation by the tax committee of the organization in which a complete survey of tax assessments on down town property was made and as a result of which it was decided that both the city and county assessments were not just. W. L. Chamberlain is chairman of this committee.

According to the plan of the city

WHEAT DIPS AS ALLIES CANCEL

Great European Orders With-
drawn; Operators Are
Puzzled.

By Associated Press.
NEW YORK, Aug. 13.—No-
body in authority at the offices
of J. P. Morgan & Co., it was
said today, knew anything about
the cancellation of orders for
2,000,000 bushels of wheat by
representatives of the allies.

By Associated Press.
CHICAGO, Aug. 13.—Cancellation
by representatives of the allies of
contracts aggregating nearly 2,000,000
bushels of wheat bought for Septem-
ber shipment to Europe was puzzling
to the grain trade today. Not
only were cancellations reported by
Chicago concerns but some seaboard
exporters claimed to have closed out
open contracts. Canadian exporters
also reported some cancellations.
James A. Patton, former Board of
trade operator, said:

"If peace were in sight, Eu-
rope would still need wheat and
she would have the credit to get
it. The cancellation of orders
therefore would seem to indicate
one of two things—either Eu-
rope has found a source of new
supply which means Russia, or
Europe finds that she cannot
pay."

DARDANELLES QUESTION.

George G. Marcy, president of the
Armour Grain company, said:

"I am unable to understand
what has happened abroad. It
must be something important or
they would not have cancelled
purchases that show such profits.
Possibly it is that the Darda-
nelles are to be opened. Eng-
land wants to pour her grain into
the Mediterranean. It is possible
that the allies are using her
credits and keep her gold to buy
ammunition. If Europe does
not buy our wheat freely it will
mean to us a market of a good deal
lower in price."

Emanuel F. Rosenbaum, of the J.
Rosenbaum Grain company, said:

"It was about three days ago
that the buying stopped. The
agents started to beg out of their
purchases, accepting a loss of
from 5 to 10 cents a bushel, I
should say."

Significant Order

Issued by Germans

By Associated Press.
LONDON, Aug. 13.—A significant
order of the day predicting a resump-
tion of the German offensive
campaign in the west has been issued
to the Teutonic armies in Flanders, ac-
cording to the Amsterdam Telegraf.
An extract of this order follows:
"Our work now is practically fin-
ished in the east and we are about to
begin in the west. Peace is certain in
October."

War Summary

Latest reports from the war of-
fices of the belligerents give rise to
the belief in the capitals of the
entente allies that the safe with-
drawal of the main parts of the Rus-
sian forces from the Warsaw salient
is assured through the stout resis-
tance which is being offered by the
wings of the Grand Duke Nicholas' army.

The Italian war office reports the
complete repulse by Alpine troops of
simultaneous attacks by the Austrians
through two mountain passes 10,000
feet or more high in the Furva valley
zone. No movements of importance
elsewhere are mentioned.

The most recent Austrian statement
reports the repulse of Italian attacks
on the Dobrodo plateau and near
Zagora.

The sinking of the British steamer
Jacona, a 3000-ton vessel; two other
British craft, the steamers Osprey and
Summerfield, and the Norwegian
steamer Auro, presumably through
attacks by German submarines, is
announced. Three persons, including
one woman, were drowned.

OFFICIAL WAR STATEMENTS

ITALIAN

By Associated Press.
ROME, Aug. 12, via Paris, Aug. 13.—
The effectiveness of Italian Alpine troops
in repulsing two Austrian attempts to
cross the frontier through passes of the
Alps at an altitude of 6,000 feet is
praised by the Italian war office in to-
day's official statement. The announce-
ment:

"In the steep rugged zone of the
Furva valley, the enemy, who on the
fourth had reconnoitered by patrol,
which were immediately driven back
through the Vico pass (10,000 feet
high), delivered an all-out attack on the
night of the 9th, across the Forno
glacier against our troops posted
near the hotel of the same name.
While another detachment advanced
through the Cederale pass (13,000
feet) against those of our troops who
occupied Capanna Cadea. The watch-
fulness of our Alpine troops and high
peaks are incessantly active, suc-
ceeded in frustrating this bold double
maneuver and the enemy was soon
attacked and forced to flee.
"In Cadore small encounters turn-
ing in our favor are reported in the
high valleys of Anzer and Valsudene.
In one of these fights we took
prisoners 4 light infantrymen.
An Austrian detachment trying to
also take place in Carnia in the
valley of the Tarent of Fontebana.
"On the Carso plateau during the
day of the 11th an event of special
importance transpired. Only small
skirmishes are reported."

FRENCH

By Associated Press.
PARIS, Aug. 13, 2:30 p. m.—The
French war office this afternoon gave
out a report on the progress of hos-
tilities which reads:

"In the Ardennes district a German at-
tack last night to the north of the
Chateau of Carleu was easily checked.
"In the Argonne the Germans late
yesterday afternoon renewed their
attacks in the sector between the road
from Bienville to Vienne Le Chateau
and the Ravine de La Houlette. They
were repulsed after very slight fighting
in which hand grenades and bombs were
used.
"There is nothing to report from the
remainder of the front."

SLAV ARMY FLEES FROM GERMAN TRAP

Grand Duke Withdraws From
Perilous Salient While
Flanks Hold.

(Continued From Page 1)

proving the Gulf of Savoy by firing
across the peninsula.
All forward in Carleu, the French
dispatch says, have been ordered to cus-
tomary back and forth as a precau-
tion against fruit and ill-treatment by
native.

FOUR SHIPS SUNK; 3 KILLED

By Associated Press.
LONDON, Aug. 13, 12:02 p. m.—
Announcement was made today of
the sinking of the British steamer
Jacona, a 3000-ton vessel, and the Nor-
wegian steamer Auro. The chief
engineer, mate and the mate's wife
of the Summerfield were drowned.
The others on board the three vessels
were landed.

The Summerfield, of 537 tons gross,
was built in 1913 and owned in Liver-
pool. There are five British steam-
ships named Osprey. Shipping re-
cords mentioned no Norwegian steam-
er Auro.

By Associated Press.
LONDON, Aug. 13, 2:14 p. m.—
The 3000-ton steamer Jacona,
which was engaged in the trans-At-
lantic trade, has been sunk. Her
captain and nine members of the
crew were rescued.

The Jacona, sailed from Middle-
brough, England, on August 11 for
Quebec. She was owned by the
Calmar Line of London. She was
built in 1889, was 318 feet long and
of 2969 tons gross.

ALLIES WIN IN KAMERUN

By Associated Press.
PARIS, Aug. 13, 2:20 p. m.—A dis-
patch received today by the Havas News
Agency from a correspondent in West
Africa reports further successes by
troops of the entente allies in the
Kamerun, a German colony in Western
Equatorial Africa. The dispatch says:
"Allied troops which had entered
Garda and Nguindere, in the north-
west, succeeded on July 18 in occu-
pying the important post of Singere in
the western section of the colony be-
tween Nguindere and Kontcha. The
enemy fled, but was reinforced by
a company from Bango, counter-
attacked heavily, but was repulsed after a
fierce fight. The enemy fled in the di-
rection of Tibati. The losses of the allies were slight;
those of the enemy heavy."

Workmen Killed in Explosive Works Fire

BERLIN, Aug. 13, via London.—
Several workmen lost their lives in a
fire which occurred yesterday in a
factory at Reinsdorf, near
Wittenberg, Saxony. It is stated that
the operation of the factory was not
interrupted.

DR. A. S. KELLEY RETURNS FROM VACATION TRIP

Dr. A. S. Kelley, member of the Oak-
land Board of Education and prominent
local physician, has returned to town af-
ter a vacation trip to Big Meadows and
has resumed his practice.

DISCREPANCIES IN WICKHAM CASE

Defendant's Attorney Scored
in the Trial for
Murder.

With the testimony of his aged
father, William Wickham Jr., rested
his case in the charge of murder
on which he is being tried in the
Superior Court. The parent, who is
stepped into the courtroom in a chair,
told of the peculiar acts of the de-
fendant during his childhood. Pre-
natal influence is said to have ef-
fected his mind.

In the testimony of Attorney
Thomas F. Lopez of Fresno, who re-
presented Wickham some time ago
when he was charged with stealing
horses, District Attorney Hayes coun-
teracted the testimony. Lopez coun-
teracted the testimony in the present case
testified that he had advised the
youth to plead guilty to the charge
of horse stealing, but that he had be-
lieved him not to be right mentally.
"And in spite of that," queried
District Attorney Hayes, "you allowed
him to accept probation and carry
the stigma of a felony when he might
not have been held responsible?"
Wickham, who confessed that he
was a "bad boy," has offered to plead
guilty to the charge of murder and
accept a life sentence "for the sake
of his aged parents."

The case will be concluded today
and placed in the hands of the jury
late this afternoon.

Reply to Munition Protest Ready Monday

By Associated Press.
WASHINGTON, Aug. 13.—The Ameri-
can reply to the Austro-Hungarian note
protesting against the shipment of munitions
of war to the allies, already dis-
patched to Vienna, will be given out here
for publication in next Monday morn-
ing's papers.

The American note reiterates the view
of the United States that to place an
embargo on munitions at this time
would not be in accordance with the
principle of necessity as set forth in
international law.

BALTIC SYMPATHIES SAID TO BE GERMAN

By Associated Press.
PETROGRAD, via London, Aug. 13.—
Russian newspapers are directing at-
tention to facts which indicate that the
sympathies of German inhabitants of the
Baltic provinces of Russia are with the
German empire. Letish newspapers re-
port an exodus of Germans from
Tovars and other parts of Livonia,
not toward Petrograd, but toward Riga,
and at a time when Riga is threatened
by the Germans.

In this connection the newspapers re-
port purchases of grain and other neces-
saries in the south of Russia for
shipment to Riga. Students in the poly-
technic school at Riga are working as
teamsters to assist in the removal of
machinery from the city.
Refugees who crossed the Vistula after
the occupation of Warsaw by the Ger-
mans confirm the statement that the
city was not greatly damaged during the
bombardment. They say, however, that
in the vicinity of the riverfront some
damage was done by the bombardment
and also by concussion caused by the
blowing up of bridges.

DECISIVE RUSSIAN FRONT IS NOW IN FAR NORTH

LONDON, Aug. 13.—Reviewing the
situation in Russia, the military cor-
respondent of the Times, first pays an
enthusiastic tribute to the mastery re-
treat of the Russian armies. He says
the stand made by the wings protecting
the army falling back from Warsaw was
magnificent and undoubtedly was en-
tirely successful, as the Warsaw army
is now assured of ample time to fall
back to prepared positions.
The decisive front now, according to
the correspondent, is admittedly in the
far north, where no real success is pos-
sible for the Germans until the fall of
the army falling back from Warsaw was
magnificent and undoubtedly was en-
tirely successful, as the Warsaw army
is now assured of ample time to fall
back to prepared positions.
"It is premature to discuss what the
Germans will do in other theaters after
the conclusion of the campaign in Rus-
sia. It is probable that they do not
know themselves and their plans must
depend on the character and extent of
their success or failure."

ATTRACTIVE EVENTS ON AT EXPOSITION TODAY

TRIBUNE BUREAU. Panama-Pacific
Exposition, Aug. 13.—Meeting of the
American Pharmaceutical Association,
the celebration of National Day and
Bait Day, the session of the American In-
surance Union, and several other special
events attracted a very large crowd to-
night to the Exposition grounds. The
Tribune band and the Shriners, who
will give their grand ball in the Cal-
ifornia building.
Tomorrow the hosts from San Joaquin
county will be in the fair. An
interesting program has been arranged.
A long procession of autos will come
over the Altamont Pass road for the
dissemination. Tomorrow was specially
entitled at "Bait Day" at the fair. A
program of Southern melodies and other
features were on the bill of events.
That the American Dancing Masters
will in the 1915 medal for dancing, was
announced today. Yesterday was
Bait Day at the fair.
A financial report, issued by the di-
rectors, shows that the fair income has
grown to \$400,000. A payment of \$50,000
will be made to the banks in a few days.
That the fair will pay all expenses is
now confidently predicted.

NIANTIC PARLOR TO JOIN ADMISSION DAY PARADE

Niantic parlor, No. 105, N. S. G. W.,
enjoyed an evening of music at St.
Francis hall in the N. S. G. W. build-
ing last evening. A piano recital was
given by Henry Grosscup, the organ-
ist of the parlor, and popular selec-
tions were rendered by the Niantic
maquies.
The Niantic band and drum corps
will lead the parlor in the Admission
Day parade which is to be held in
this city on September 3. The parlor
will turn out 200 members, and will
display their beautiful new banner
for the first time on that occasion.

TEN MILLIONS RENT.

NEW YORK, Aug. 13.—George C.
Bolt yesterday signed leases with
the American National Bank and
William Waldorf Astor whereby he
retains control of the Waldorf-Astoria
hotel until April 30, 1922. The total
rental for the term is approximately
\$10,000,000. Improvements that will
amplify the hotel's dining room,
and a skating rink on the roof.

Reparation Is Object of Bulgaria's Wait

By Associated Press.
ROME, Aug. 12, via Paris Aug. 13.
10:10 a. m.—The Bulgarian minister
to Italy, D. Blizov, discussing in the
Tribuna the negotiations between the
Balkan states and the quadruple en-
tente, characterized as unjust state-
ments that Bulgaria considers herself
responsible to the allies and is bar-
gaining on that basis.
Bulgaria, the minister asserts, has
not changed her program. She was
satisfied in signing the treaty of
Bucharest of 1913, under the terms
of which she ceded to Rumania near-
ly 30,000 square miles of territory.
What Bulgaria now wished, he con-
tinued, was reparation based upon
the principle of nationality for which
the quadruple entente is contending.

REINFORCEMENTS FAIL ON TYROLLEAN FRONT

By Associated Press.
GENEVA, via Paris, Aug. 13.—A dis-
patch to the Geneva Tribune from Inns-
bruck, capital of the Austrian Tyrol, says:
"German operations have been sus-
pended on the Kovo-Suwalki-Grodo
front because of a lack of reinforce-
ments, no new troops having arrived
since August 4."
"The Russian offensive at Kovo is of
the greatest importance, as the Ger-
man line troops, chiefly Prussian Land-
wehr, suffered terrible losses August 8
and 9. In this section as well as the
region between Lomza and the Bug, it is
remarked that many regiments are much
short of the strength."

Turks Sway Bulgaria, Is Claim of Germans

By Associated Press.
AMSTERDAM, via London, Aug. 13.—
Representations made by the entente
powers can be regarded as doomed to
failure, declare the Frankfurter Zeitung
and the Berlin Post.
Regarding the same subject, the Vos-
sische Zeitung says:
"The agreement between Bulgaria and
Turkey is so complete that it cannot
be disturbed. The active participation of
powers is merely intended to throw sand
in the eyes of the world, as the entente
powers know only too well how the Ger-
man attitude regarding Bulgaria. They
know also that the German allies
await with indifference Rumanian de-
cision."

German Civilians to Move Out of Belgium

By Associated Press.
LONDON, Aug. 13, 12:30 p. m.—
The correspondent at Amsterdam of the
Central News says the German
authorities in Belgium have ordered
all German civilians to return imme-
diately to their country, presumably
to avoid hardships of a winter in
Belgium.

C. S. REGISTER FREES SHIP.

By Associated Press.
NEW YORK, Aug. 13.—The steam-
er Communism, formerly the Ger-
man oil tank steamer Deutschland,
which was laid up at Rotterdam
since August, 1914, reached New
York today. A provisional American
register was granted at Rotterdam.

Hold Maize Imports as Club to Rumania

By Associated Press.
BUCHAREST, via London, Aug. 13.—
According to the local newspapers, Aus-
tria and Germany have decided to en-
deavor to force Rumania to consent to
the transit through Rumanian territory
of munitions of war by promising the
importation of Rumanian maize unless
Rumania yields within a few days.
In this way, the newspapers assert, the
Germans hope to provide a forceful pro-
test from the individual agrarian and
commercial interests, which would be
hard hit by the closing of the main out-
let for their harvest. It is added that
Germany probably hopes to bring further
pressure to bear through the Rumanian
banks, which are largely under Austro-
German control, and which, it is de-
clared, could seriously hamper com-
mercial and agrarian interests by refusing
to extend credits.

Turks Belittle Landing of Troops by Allies

By Associated Press.
BERLIN, Aug. 13, by Wireless to Say-
re, L. I.—The Overseas News Agency
today gave out the following dispatch
from Constantinople:
"Reliable reports from the front state
that the last landing operations of the
French and British were relatively unim-
portant. At Karahall 350 men tried to
land, but were repulsed. Twenty of them
were killed. The others regained their
ships.
"At Anafarta bay 1500 British landed
and attempted to outflank the Turkish
position at Arburnu. They were re-
pulsed without making any progress."

The New York Cloak and Suit House

More Fall Suits

For Tomorrow's Selling

Values surpassing anything ever seen in Oakland at the beginning of a season. Fortunate is the woman who makes up her mind to buy one of these new Fall Suits tomorrow.

APPEAL FOR TRUCE IS SENT TO MEXICO

President Wilson Has Ordered 'Sufficient Troops' Held Ready in Crisis

(Continued From Page 1)

for no more troops and that none would be sent without his request. The president's appeal was directed to the general public, and they say of his troops had crossed into Texas. Other leaders expressed the opinion that the Mexican trouble makers were neither Carranza nor Villa troops.

Villa's proposal was contained in a telegram from Diaz Lombardo, his secretary of state, to his agency here. "If the peace conference between the factions in Mexico reach a successful end," Lombardo's message said, "not only General Villa but all the civil and military elements affiliated with the convention party would be disposed to eliminate themselves if necessary with the single condition that the men who are placed in charge of the new situation shall be drawn from the decadent and odious executive or reactionary party."

Lombardo also said that he firmly believed in the good will of President Wilson toward Mexico and that the American government would not attempt armed intervention.

GENERAL SCOTT READY. Major-General Scott, chief of staff of the army, has been ordered to remain at El Paso to be ready for any mission the State Department may have on the border. General Scott is reporting direct to Secretary Lansing.

While General Scott is acting as an agent of the State Department in connection with negotiations between the Mexican factions, he also is watching the border situation and is in communication with Major-General Funston.

War Department officials say they have no knowledge of the work the State Department is asking of the chief of staff. No more troops were ordered today.

CARRANZA REFUSES PARLEY. In a letter to Carranza's representatives, proposing the peace conference, dated August 9, the Villa agent referred to statements in the Douglas brief and said:

"If the above statements represent the true attitude of the Constitutional government, I am pleased to inform you that Mr. Manuel Bonilla and myself, in behalf of General Carranza, the convention government, are disposed to confer with you and Mr. Cabrera, at such place and time as may be mutually agreed upon, in order to discuss, like good Mexican citizens, matters that so much concern the national integrity. Since the success of this matter depends on the absolute confidentiality of its proceedings, I believe it proper for me to say to you that Mr. Bonilla, as well as myself, will up to the point when we have reached the end sought and mutually agreed upon, maintain the strictest secrecy towards both the public and the press."

Arandondo replied immediately that he had referred the proposal to General Carranza, and in a letter following he said of Carranza's answer: "The first chief of the Constitutional army, Mr. Venustiano

Carranza, instructs me to inform you that I must not propose to the conference which you request. In your letter of the 9th instant, in the name of General Villa and the convention, you also directly after the outrage committed on the 12th ultimo in the neighborhood of Apizaco by the dynamiting of an undefended passenger train which perished women and children, the reactionaries have just blown up another train near the station of San Marcos, between the cities of Jalisco and Michoacan, causing the death of unarmed passengers, and other innocent persons and all the soldiers who were guarding them. Therefore Carranza is not only advancing to the interests of the Constitutional cause and to the object of its program, which is that of establishing and consolidating a government based on the principles of order and security for persons and property, and generally on the respect for the principles which are the indispensable requisite and a fundamental condition of all governments, to enter into compromises with the enemy, who, instead of pursuing a noble end, recurs to acts of crime and destruction which reveal a constant protest against humanity and civilization. And, lastly, it is to the first chief to whom those who are directly disposed to submit to the Constitutional government, and directly present their propositions."

ACCUSES FIRST CHIEF. In reply to this, Llorente wrote: "I acknowledge receipt of your communication of today. The answer which you transmitted to me, in obedience to the orders of your chief, puts an end, in my opinion, to our correspondence; but I shall not close it until, without telling you that inasmuch as the national interests are at stake, I sincerely regret the procedure of Mr. Carranza, whose lack of justification is made more noticeable by his refusal of landing his refusal on the pretext cited by him, and which are entirely apart from the question. I also deplore the error committed by Mr. Carranza in interpreting our propositions concerning the settlement of the national question as an offer of submission to his military dictatorship."

"I believe that the charges made by Mr. Carranza in his reply are unjust, or at least premature; but supposing that they are true, they are not sufficient grounds for his refusal, for these are the same lamentable acts, committed by either one party or the other from which the country should be spared by seeking an agreement that would bring about the restoration of peace and constitutional order."

ESCAPING MEXICAN IS SLAIN BY TROOPS

BROWNSVILLE, Tex., Aug. 13.—One Mexican was killed today near Lyford, Tex., a short distance north of here, by soldiers and peace officers. The soldiers shortly before daylight went to a ranch house, where it was reported that a Mexican, accused of wounding Fritz Georgie, night watchman at Lyford, last week, was in hiding. The Mexican was arrested and was shot when he made a break to escape.

Rangers and United States regulars apparently had the upper hand today throughout the section extending 100 miles north of Brownsville. Armed men are traveling from town to town, half-filling the smoking cars of trains. Although few depredations on the part of the bands of Mexican raiders were reported here in the last twenty-four hours, authorities in the lower Rio Grande valley continued today to take measures to suppress the lawlessness that almost had brought about a reign of terror in this section.

Developments in this matter were expected to follow a conference of Governor Ferguson, Adjutant General Henry Hutchings, John N. Garner, congressman from Texas, and other citizens. Further proof that the outbreaks are due to a conspiracy of Mexicans from both sides of the Rio Grande was to be laid before Governor Ferguson, it was said. That raiders were acting under the "plan of San Diego" was indicated in the reports of United States army officials. The reports quoted from literature said to have been distributed in large quantities in the border counties of Texas.

The killing of a Mexican, supposed to have been a member of one of the bands of marauders at Mercedes, Tex., last night was the latest death to be reported in connection with the outbreaks. Near Mercedes three Mexicans had been killed, several hours previously, and two horses belonging to the raiders captured.

Numerous unconfirmed reports of

killings and battles between the raiders and soldiers reached here.

ZAPATA AND VILLA BOTH MEET DEFEAT

BY ASSOCIATED PRESS. GALVESTON, Texas, Aug. 13.—Zapata for which soldiers were occupying Mexico City have suffered another defeat at the hands of General Coas and have been driven back into the State of Morelos, which Zapata has continued for several years, according to advices to the constitutionalist committee here today. Operations against the Zapata forces are being pushed vigorously, it was reported.

News from Mexico City received at the local consulate is to the effect that food prices are being reduced and that there is large daily distribution of food to the poor.

It is said that General Carranza will publish a manifesto to the American people and to the correspondence with the American State Department when the result of the peace conference is known. The city of Santa Fe, state of Guerrero, has been occupied by Carranza forces and all the military forces south of the capital except that part running through Morelos is now in their hands. According to further reports to the Carranza committee at Mexico, San Nicolas and Contreras also have been occupied by Carranza troops, it was reported.

BY ASSOCIATED PRESS. LAREDO, Tex., Aug. 13.—Telegraphic advices from General J. Maycat, San Juan del Rio, state of Queretaro, report today a rout Wednesday of Villa troops with a loss of 200 dead for Villa and the capture of a large amount of food supplies and ammunition.

General Francisco Coas reports that in fighting Wednesday near the limits of the Federal district in the state of Morelos, the Carranza troops defeated the forces commanded by Emiliano Zapata.

TEXANS WANT RIFLES; ARE TOLD TO WAIT

BY ASSOCIATED PRESS. WASHINGTON, Aug. 13.—The Mission (Texas) Chamber of Commerce today wired the National Rifle Association here asking for rifles and ammunition immediately "in view of the reign of terror in this section and the urgent need of arms and ammunition for protection." The National Rifle Association distributes condemned army rifles to rifle practice clubs.

Lieutenant Albert S. Jones, secretary of the association, said the Mission people would have to form a club before the guns could be issued. That would take three or four months. Lieutenant Jones says many rifle clubs have been formed in New Mexico and Arizona during the last two months and that many have been supplied with rifles.

MEXICANS WHO CROSS NOT CARRANZA MEN

BY ASSOCIATED PRESS. BROWNSVILLE, Texas, Aug. 13.—Erroneous reports of fighting between Mexican bandits and citizens last night at Edinburg today were shown to have originated through failure of a messenger who called Brownsville by telephone to give any details. The messenger, who had been sent from the zone of the impending attack to call for aid and, without having definite information, said fighting was in progress.

Officials here, in answer to the statement of General Nafarrete, Carranza commander at Matamoros, that he had but 500 troops on the border, say that there are more than 2000 troops in the zone described by the Mexican general. Nafarrete had made the statement to show that the supposed one thousand Mexicans reported to have crossed into Texas to breed uprisings were not Carranza followers, as was reported.

RANGERS' WARRANTS MADE R. R. PASSES

BY ASSOCIATED PRESS. WACO, Texas, Aug. 13.—The Missouri, Kansas and Texas railroad has issued instructions to its employees to honor Texas Ranger warrants by the commissioners of authority signed by the adjutant general of Texas as temporary passes over Texas lines on account of emergency conditions on the border.

Ralph Pulitzer Makes Flight in Biplane

BY ASSOCIATED PRESS. PARIS, Aug. 13, 3:10 p. m.—Ralph Pulitzer of New York flew from a suburb of Paris to the fighting front yesterday in a new type of double motor biplane, which was operated by a military aviator. Pulitzer and the pilot covered about twenty-three miles, getting within sight of the German lines, and so close to earth that they could see the German trenches and distinguish the burning of shells.

After a trip along the firing line the biplane returned to the capital, where it landed safely.

Severe Income Tax Approved by Duma

BY ASSOCIATED PRESS. LONDON, Aug. 13, 1:23 p. m.—A dispatch to Reuters' Telegram Company from Petrograd says that the finance committee of the Duma has approved a government bill for the imposition of a graduated tax on incomes. The tax proposed is 6 1/2 rubles (\$3.25) on incomes of 1900 rubles (\$500), 25 on 10,000 rubles, 600 on 100,000 rubles and a surtax on each 10,000 rubles over 100,000.

SENATOR'S DAUGHTER TO WED. HARTFORD, Conn., Aug. 13.—Senator E. W. Hooker announced yesterday that his daughter, Elizabeth Turner Hooker, would be married this month in San Francisco to Frans Stillwell Dixon, a new New York artist, son of Captain J. W. Dixon of New York.

Fortune in Opium Captured by Officers

SAN FRANCISCO, Aug. 13.—United States Treasury Agent Thelwell, with a force of customs inspectors, was busy this morning endeavoring to capture the smugglers of a gang smuggling 500,000 worth of opium into Chinatown. The gang, contained in 550 tons, was confined at 2 a. m. today in a warehouse at 1217 Serrano street. Patrolmen George and all Thomas Meekins and inspectors H. E. E. and John Toland forced a door in a dark room at the end of a corridor of passageways and found the gang concealed there. Two Chinese women of mature years were in the apartment and were taken into custody. They either could not or would not give their names, and both were asked to leave the room. The opium is at the customs house and the officers are hopeful of making the women tell something which may lead to the discovery of the real owners of the contraband.

Pan-Hellenic Society to Sponsor Luncheon

BERKELEY, Aug. 13.—The Pan-Hellenic Congress, organization of the Greek letter women's fraternities of the colleges of the United States, now in conference in Berkeley, will hold its luncheon tomorrow at the Hotel Claremont. Speakers from every fraternity will be heard. Last year the luncheon was held in New York. There were 1200 guests in attendance.

Political Prisoners Freed in Warsaw

BERLIN, Aug. 13.—The American all steamship Wlad, taken by German warships to Szczecin, has been released and families have been given for repairs to damage when the ship was being brought into port by the German navy. Her cargo also was released. Ambassador Gerard on instructions of the State Department, made representations to the German government for the release of the Wlad, also bound for Szczecin. The cargo for repairs to the ship were not interfered with. The only American ship now held by the Germans is the Infante. German authorities contend her cargo from Berlin to America register was to avoid capture.

San Franciscan Named on Inspecting Board

WASHINGTON, Aug. 13.—A committee of supervising inspectors of the steamboat inspection service was named today by Inspector General Under to investigate the service on the Great Lakes to further safeguard passenger traffic. The investigation was ordered by Secretary of the Interior. The committee will include Supervising Inspectors John K. West of San Francisco, Eugene E. O'Donnell of Boston, C. H. Westcott of Detroit, N. B. Nelson of Cleveland and John A. Potter of New Orleans. They will meet at Cleveland September 10.

American Ship and Cargo Are Released

WASHINGTON, Aug. 13.—The American all steamship Wlad, taken by German warships to Szczecin, has been released and families have been given for repairs to damage when the ship was being brought into port by the German navy. Her cargo also was released. Ambassador Gerard on instructions of the State Department, made representations to the German government for the release of the Wlad, also bound for Szczecin. The cargo for repairs to the ship were not interfered with. The only American ship now held by the Germans is the Infante. German authorities contend her cargo from Berlin to America register was to avoid capture.

HELD TO ANSWER ON WIFE MURDER CHARGE

Fred T. West, who shot and killed his wife in front of her home at 794 Fourth street on the evening of March 12, was held to answer to the Superior Court on a charge of murder by Police Judge George Samuels today. West and his wife had quarreled and she had left him. He followed her to her home and called her from the house. He shot her down as she came to the gate, her three children about her.

Wealthy S. F. Broker Divorced by Wife

SAN FRANCISCO, Aug. 13.—Florence I. Cory today received a divorce decree from her husband, Isaac H. Cory, wealthy San Francisco broker, and owner of one of the show homes at Forest Hill. She alleges that her husband went through a divorce in his home, refused to give her the car title, and practiced divers mental cruelties to her. The papers, it is said, were filed in court.

Italian Volcanoes Increase Activity

ROME, Aug. 13, 10:35 a. m.—The Paris 2:35 p. m.—The great volcanoes of Southern Italy, which have been erupting during the last few days, are becoming increasingly active. Thus far it has been impossible to procure detailed and authentic information from the scene of the earthquakes earlier in the week. It is known, however, that eruptions have taken place.

**SIGNAL WAS SHOT;
GUN GETS LOST**

Balloonist Waits for Pistol to Sound and Waited and Still Waited.

At 11:45 A. M., Nov. 10, 1935, Roy, who made a habit of visiting Lakeview park frequently, made his first ascent—of the fact that several thousand persons will remember at the same place and time.

Professor Moreland, who at that time was waiting for a little boy to risk his neck to jump a rope in the sky, was suddenly interrupted by a man, a headless giant, who said his name was Roy and admitted after considerable coaxing that the other half of his name was "Moreland." Was he ballooning? With a red-headed bow? No?

Roy was present the next Sunday several hours before the gas bar was sold—such a trivial thing as eating was not thought of. "Duredevil" told to the newspaper advertisers said, "I was in the crowd, but I don't know where the crowd can see him, hadn't he?"

Professor Moreland told him to the parachute and instructed him how to cut loose.

"Don't cut loose until you hear a pistol I will fire," he told Roy.

A moment later, breathlessly, and a moment later, amid the purr of the spare drum and the tooting of brass horns, the big balloon shot into the air.

The professor began to look for his gun. After he took a half dozen looks it was no longer there. He was in distress. He now looked up.

"Has anybody here got a gun?" he cried out to the crowd. But they evidently believed he intended to commit suicide.

In the meantime Roy kept sailing on through space. "Don't cut loose until you hear a pistol shot." The words kept

Dr. Carl Walliser outlined the hospital situation, declaring that Supervisors Murphy and Hoyer favored a referendum vote of the county on the question of deciding upon the site for the new building. The club members instructed the budget committee, headed by Dr. Walliser, to co-operate with the supervisors in an effort to have the matter referred to a referendum vote.

COAST PAYS TRIBUTE
TO JAPANESE ENVOYS

SAN FRANCISCO, Aug. 13.—Amid felicitations from representatives of both nations, the bond of friendship between Japan and the United States was re-combated yesterday at a luncheon in the Flamingo hotel, given by the National Exposition commissioners to the Japanese commissioners.

Judge William Bailey Lamar, chairman of the national commission, presided as toastmaster. The guests of honor were Haseki Yamawata, commissioner-general for Japan to the Exposition, and several other Japanese commissioners and officials.

(Continued From Page 1)

"OF all the cities I have seen take it up Oakland has grasped it most enthusiastically. It is the eighth and seventh grade. Our first step is to arouse ambition in the pupil. The next step is the showing of the absolute necessity of a thorough education in order to be really successful in life. In the eighth grade the pupil is tested up to what upper school would require to accept of. The next step is to get the pupil to attending an upper school, her chum Susie will go to that school also, whether or not it would be for her best interests. This will be eliminated. In the ninth grade the pupil is shown the elements of character and the necessity of the training of the mind. In the tenth grade study of vocations is made, this being done to broaden the pupil's views of the world's work.

ETHICS IN USE.

"In the eleventh grade vocational ethics are taught. In the final grade social and civic ethics are taught. These are all taken up from the point of view of the chosen profes-

tion in regard to the boy or girl's qualifications for leaving the school and entering the business or professional world. The schools also get a concrete idea of what the business and professional world desires from graduates. It benefits both. I am

"The problems of the country have heretofore been the problems of nature and of human nature. We are just beginning the best country movement ever instituted by emphasizing human nature side of human life. The marketing of goods is the human nature side which plays a more important part in the ordinary community. For instance, a man in the Sacramento valley receives more than twice as much per pound for cherries as he would receive if he sold them in the open market. The Lubin of Sacramento has started the best marketing movement in the world and has set school people to thinking what education ought to mean to the producer. The whole country life betterment movement is based on the human nature side of education."

The old Chamber of Commerce building on Thirteenth street, opposite Hotel Oakland, has been turned over to the N. E. A. for central headquarters. Postal authorities installed a branch postoffice in there today. Registrations continued very brisk this morning. It is expected that tomorrow and Sunday will bring the vast majority of delegates to Oakland.

Oakland hotel men are pleased with the response made by the local committee in urging guests to remain on this side of the bay. Expressions of satisfaction at rates and accommodations of Oakland hostilities are continually voiced by delegates at registration headquarters.

The music to be rendered at the various sessions will be by the orchestra, bands and choral societies of the various elementary and high grades of the Oakland schools.

MANY FROM ABROAD.
The foreign delegates who will be here to participate in the program

are as follows:

Argentina—Ernesto Nelson, director of secondary education.

Australia—C. K. Harrison, department of agriculture, Victoria; Australia, Neil Wilson, trade commissioner, New South Wales; P. R. Quinn, assistant trade commissioner, New South Wales.

Canada—Edmund K. Broadus, professor University of Alberta.

China—Frank D. Gamewell, general secretary educational association of China; Z. T. Xyl, chairman eastern section for the United States of the Chinese Students' Alliance.

Spain—**Manuel General Estigarribia**, former director of the National University of the Republic of Chile, commissioner of the Republic of Chile to the Panama-Pacific International Exposition.

England—**C. W. Crook**, vice-president National Union of Teachers; **Henry Holman**, secretary of the National Union of the University of Wales, and one of his majesty's inspectors of schools; **Michael E. Sadler**, vice-chancellor University of Leeds; **Miss Mary St. John**.

Germany—**Ferdinand Buisson**, commander of the Legion of Honor, member of the Chamber of Deputies for the Department of the Seine also representative of the National League of Women's Institutes at a luncheon Feb. 22.

Germany—**Anton H. Appeltmann**, exchange professor, representing the Prussian Ministry of Education.

Guatemala—**Frederico Slenz de Tejada**, assistant chief of the protocol bureau of the department of foreign affairs.

Haiti—**Dr. Jean-Baptiste**.

Japan—**Noro Hanada**, commission for Japan to the Panama-Pacific International Exposition.

By Associated Press.
LOS ANGELES, Aug. 17.—(By wire.)

Two important propositions were discussed during the day, both meeting with favorable reception from the assembly. The first was the proposition to impose the rule of compulsion in employing and discharging men, was ordered submitted to the referendum. The other, providing for a six-day week, was adopted after a lengthy debate by a vote of 150 to 70. Both propositions were put forward by the administration.

Strong adherence by the delegates to the principle of the referendum in deciding important questions, resulted in the opposition to the administration scoring today its first victory in the current convention of the International Typographical Union. After a warm debate in which James M. Lynch led the fight for the administration, the delegates by a vote of 115 to 54 ordered a referendum on the six-day week proposition adopted yesterday through concurrence in the favorable report of the committee on laws and on two other propositions submitted by the administration.

REPORT IS FAVORABLE
The opposition began its winning attack following the adoption of the favorable report of the committee or laws on propositions four and five. The first of these provided that any member obtaining a situation on a six or seven-day paper is entitled to employ in his stead any other competent member without consultation with or the approval of the foreman. The other proposition permits local unions by a majority vote to elect a foreman.

Delegate William Breen, one of the opposition leaders, moved that these two propositions, together with the one providing for a six-day week, be submitted to a referendum, and the debate followed. The proposition providing that future conventions shall be held at Indianapolis, the international headquarters, comes up today and it is expected will meet with opposition. In order to get through with the large amount of business before the convention a session may be held tonight.

Recommendations that members of the Topographical Union abstain from the use of liquor was defeated by the convention by an almost unanimous vote. The recommendation was offered by Delegate Hill of Fresno, and the unfavorable report of the committee on laws was upheld, only four voices being raised in favor of the recommendation.

SAN FRANCISCO, Aug. 13.—"Unpreparedness" was the topic of an address delivered yesterday by Rear Admiral Fullam before the Commercial Club in the Merchants' Exchange building.

"I understand that the Secretary of War has offered the camp if 150 business men will enroll by August 20," the commander said. "One hundred and fifty nonsense! The number is ridiculous, but it is full of meaning. It means that to such a number, at least, the imperative demands for more adequate national defenses are vital.

"There ought to be some method of enrolling you all today. Get out into the open—let the wind blow through your whiskers—quit talking about preparedness and act!"

The veteran navy officer then went on to cite instances of American military history and set forth some potent examples therefrom.

"Since the Civil War alone we have paid out four billions in pensions. Four billions—it would build 150 super-dreadnaughts, stretching in battle line for 125 miles."

Several other arguments in favor of strong military power were given by the admiral during the course of his speech.

AUTOMOBILE FERRY BOAT MADE DAILY

SAN FRANCISCO, Aug. 13.—Yielding at last to the growing public demand for better automobile transportation service between San Francisco and Sausalito, the Northwestern Pacific Railroad announced yesterday that the freight steamer *Utah* would be put on a regular daily automobile run beginning this morning.

The big freighter, which is capable of carrying sixty or more machines, will be put into service.

The full schedule of the new automobile boat follows:

San Francisco to Tiburon—Leave San Francisco 10 a. m. daily.

San Francisco to Sausalito—Leave San Francisco 7 a. m. daily, except Sunday: 6:30 to 8 a. m. Sundays and holidays: 1:30 p. m., Saturdays.

Sausalito to San Francisco—Leave Sausalito 5:40 p. m. daily except Sunday: 6:10, 7:45 and 9:20 p. m., Sundays and holidays: 9 a. m., Mondays.

VIOLINIST LANZER IS HEARD AT AUDITORIUM

Carl Lanzer, violinist, was heard last night at the Oakland Auditorium in an extensive concert program. The musician, who recently offered a challenge to all violinists to play against him, is a maker of violins as well as a player, and performed on his own instruments.

He played "Dixie," "The Girl I Left Behind Me" and other melodies of the kind with his own variations. It is with such music that he has challenged Kreisler and other noted violinists. The chal-

lance so far has not been accepted.
Lanzar for years lived as a recluse
in the Sierra, content to eekland stories
before the opening of the Exposition.

tional Exposition: Kiyo Sue Inui, secre-
tary of the Japan Society of America.
Netherlands—H. A. Van C Torchiana,
commissioner-general to the Panama-Pa-
cific International Exposition.
New Zealand—Mark Cohen, editor

ram, inspector of schools, Duban, Natal.

INCIL BERATED FIRE IN CANYON
WOMAN LAWYER STILL RAGING

Czars," Says Scornful Portia When "Turned Down."

By Associated Press. SAN FRANCISCO, Aug. 13.—The fire which broke out in the canyon of the San Francisco river, and which was further into the night in the south end of the canyon. The flames, according to reports from rangers, already have destroyed timber and a watershed brush covering the area. Forty additional men have been dispatched to the fire. Many of the men on the scene have been in duty for twenty-four hours and were exhausted.

GRIZZLED ALASKAN HERE WITH RICHES A-PLenty

SAN FRANCISCO, Aug. 13.—James Kelly, grizzled veteran of the Alaskan goldfields, has returned to San Francisco after 12 years in the northland. Kelly, who is now in his sixties, has a large sum of money and a large number of valuable pieces of property.

start was made by the council this morning on the largest single paving job ever commenced in Berkeley. The city engineer was instructed to plan and execute the work. The cost of the work will be about \$1,000,000. The streets which are to be paved are the following:

Pablo avenue from end to end, city avenue from San Francisco Grove street, Adeline street from Woolsey, Bancroft way from S. street to Broadway, avenue way from Telegraph avenue to S. street, and the unpaved streets bounded by College avenue, Shattuck avenue, Dwight way and way.

Y MUSICIAN WILL END LONG SERVICE

C. Conterio, a member of the Infantry band, will retire after 35 years of service as an army musician. His retirement will be given the chief musician and a Masonic will be presented him at Fort Will McKinley.

MRS. FRED. S. LEWIS WINS PRIZE FOR DECORATED AUTO

MRS. FRED S. LEWIS OCCUPYING HER BEDECORATED AUTOMOBILE, WHICH WON FIRST PRIZE YESTERDAY IN THE MASTER BUTCHERS' PARADE AT THE EXPOSITION.

Combining national, Californian and craft emblems in the decoration of her machine, Mrs. Fred S. Lewis, wife of the prominent Oakland meat merchant, is today the possessor of a handsome cup, the prize offered for the best decorated automobile in the parade at the celebration of United Master Butchers of America yesterday.

NEVADA COUNTY RICH IN AUTOS

One Machine to Every Twenty-nine Voters Registered Is Average.

GRASS VALLEY, Aug. 13.—There is one auto to every twenty-nine registered voters in Nevada county. The ratio is high in the northern counties due, apparently, to the fact that the highway system has not yet reached a stage approaching completion in these districts. The number of autos owned in different counties of the state largely is dependent upon the conditions of roads in the localities, according to figures compiled by State Treasurer Friend W. Richardson.

THEIR HONEYMOON DAYS INTERRUPTED BY COURT

PASADENA, Aug. 13.—The honeymoon of Mr. and Mrs. George G. Blake of Long Beach had an interruption in Judge R. W. McDonald's justice court. The young bride was in tears when her husband was sentenced to ten days in jail and told that he would have to pay a fine of \$50 for leaving a campfire burning in the West Forest region. When the jail sentence was suspended the tears of sorrow turned to tears of joy.

The young people concluded, in planning for their wedding trip, that nothing could be more delightful than a sojourn in the mountains, with nobody but themselves for company. Unfortunately for them the forest rangers pay no heed to the old warning about three persons constituting a crowd.

GIRL BADLY INJURED BY FALLING MOTOR

SALINAS, Aug. 13.—Twelve-year-old Evelyn Smith, daughter of Mrs. Julia Smith, lies in a precarious state as the result of being struck by a falling electric motor grinder yesterday afternoon. The little girl had just entered her mother's store and was reaching for the motor, resting on a shelf about four feet above the floor, when the whole piece of machinery fell over on her.

FARMERS ORGANIZE

OROVILLE, Aug. 13.—The Gridley Farmers' Union has filed articles of incorporation with the county clerk. The object of the organization is to bring the ranchers of the Gridley district in closer touch with one another and to establish markets for their products.

RUSHES FROM ALTAR TO WIL

FRESNO, Aug. 13.—Luigi Addeto, a wealthy rancher, married Alice Mariano yesterday that he might join the Italian army. Addeto persuaded the young woman to leave her home in Italy last December, but failed to keep his promise of marriage. On the eve of his departure for Italy, she had him arrested and forced the wedding.

FIND BODY OF MAN

COURTLAND, Aug. 13.—The body of an unidentified man was found floating in the Sacramento river near here yesterday. Coroner A. D. Fenton was notified and has sent for the body.

VICTIM OF HUNTING ADD HORSEMANSHIP TO TEACHER'S TASK

T. Lyman Willson, Former Resident of Salinas, Passes From Life.

SALINAS, Aug. 13.—T. Lyman Willson, a former Salinas resident and an uncle of Mrs. C. J. Fulle and Mrs. A. G. Winkler, is dead in the Gilroy hospital, following injuries received a week ago when he fell from his saddle while out hunting. Willson, with Frank Kellogg, also formerly of Salinas, went on a hunting expedition last Wednesday in the hills about twelve miles east of Gilroy, near Gilroy Hot Springs.

ENGLAND SEEKS MILLION HEAD AMERICAN CATTLE

By Associated Press. LONDON, Aug. 13.—C. O. Robinson of a large packing company of Chicago, who is in Helena, received the following copy of a cablegram sent to the Chicago office of the firm:

"Furnish estimate at once cost of 1,000,000 head American beef cattle, cash on delivery Liverpool."

All the cattle in Montana would not make a dent in such an order, said Robinson, but his firm will consider the order and try to give the figure. The order, if filled, would involve about \$199,000,000, and would reduce the number of available cattle in the United States to the minimum, said Robinson.

TRIP TO JOIN HUSBAND SHE SAYS WAS IN VAIN

Mrs. Ina L. Brown recites the story of a round trip to Honolulu, which became necessary when she went there to meet her husband, and then was deserted, she claims in the suit for divorce which she has brought against Melville P. Brown. The plaintiff says that she went to Honolulu, at her husband's request with the understanding that he had enough to support her. Upon arriving she found different, the complaint sets forth.

SCANDINAVIANS FORM FRATERNITY OF AMERICA

By Associated Press. ST. LOUIS, Aug. 13.—Under the name of the Scandinavian Fraternity of America, the Eastern and Western branches of the Scandinavian Brotherhood of America and the Scandinavian Aid and Fellowship Society have consolidated. Committees will be appointed with the grand officers to perfect details of consolidation, representing a membership of about 30,000.

Just What Oakland Needed
Philadelphia Shoe Market Fills a Long-Felt Want—Hundreds of People Are Patronizing This New Store. No More High Prices for Shoes

OAKLAND, Aug. 13.—Tomorrow (Saturday) The Philadelphia Shoe Market, at 1120 Washington street, will celebrate its first week in business by a splendid sale of shoes for men and women and children. We cannot tell of all the splendid bargains this store will offer, but there are three items that stand prominently out from the rest: First, men's shoes in a pleasing variety of styles and lace styles and all leathers, in values to \$3.50, are offered for \$1.95; women's fine low shoes, worth to \$3.50, all sizes, on sale in the bargain basement, go for \$1.00, and boys' all-

EUROPE SENDS FUR

Coats That Speak
the Last Note of
Luxury

These Fur Coats Say--

"Not all of Seal, or any
one pelt, but combine
Skunk, Ermine or
Fox, and make me su-
preremely happy and
you supremely lovely"

"In addition, add a muff that
is as billowy as a tulle
dancing dress and as soft
as the breath of a rose,"
further say these wonder-
ful new Fur Coats just
from Paris to Gassner's.

When Madame Royant of Paris
designed the first coat like the above
sketch she built it of blue velvet,
adorned it with fox. Deauville and
Longchamps went into ecstasies over
it. Translating it into fur, our Paris
connections sent it to us in Hudson
Seal and Skunk.

With its rippling skirt it loses every
sense of heaviness and confers on its
wearer a tripping daintiness that is
very youthful, very free.

The chic fur muff adds a note of
picturesqueness that is further en-
hanced by the smart fur turban with
its graceful fantasies which carry
one's height upward and further en-
hances the graceful silhouette.

This same model could be
carried out in Hudson Seal with
fitch, or with the new cinnamon
fox and be very smart.

For evening an ermine coat with
black fox would be superb; or a
moleskin coat, garnished with blue
fox; or any of your favorite furs
could be wrought into this Royant
model.

Another Coat--the Victorian rip-
ple-skirted Coat, with its wide, hand-
some belt, is about the cunningest
design yet sent us for young girls. In
Hudson Seal it is inexpensive and a
thoroughly sensible purchase.

This matter of debutante's
coats brings us to some of the
shorter models, which are very
smart just now. In moleskin,
these nifty little things can
either be worn as a military box-
coat or else belted in a novel,
new manner.

Fur Coats are always a safe pur-
chase, for furs are like jewels--they
lend elegance, responsibility and
beauty to their fair wearers.

"Small Furs"--neck peler, or stole
and muff--are so obviously necessary
that it's like "carrying coals to New-
castle" to call your attention to them,
but some may want to know that at
the attractive Gassner Shop small
furs are so moderately priced that
purchasers may have several sets.

Fox Furs, in any color, including
rare silver fox and the equally rare
natural blue, are an especial feature
just now. Louis Gassner now owns
the best Fox skins that have come
out of Alaska this season.

Visit the attractive Gassner Shop
frequently.

JAPAN UNDERGOES

VOLCANIC PERIOD

Violent Activity of Mt. Yake-
gatake Followed by Erup-
tions in Sea.

TOKYO, Aug. 13.—Japan has entered
a period of volcanic and earthquake ac-
tivity. The violent eruption of Mt.
Yakegatake in the Japanese Alps, has
been followed by two eruptions in the
sea off the coast of Japan about the
spot of Tokyo Bay. A serious earth-
quake of the island of Suwayama,
which lies 200 miles south
of Kyushu. No loss of life is reported.
The eruptions of Mt. Yakegatake and
the sea are absorbing scientists. Both occurred
in the same general position and at in-
tervals of about ten days. The first
eruption of Mt. Yakegatake was a violent
explosion of smoke, flames and
rock to the sky, falling to the
surface of the ocean, endangering
passing ships and, according to these
spasms, caused the water to hiss and
steam. Eyewitnesses saw the "ter-
rifying" in describing the scene.
The atmosphere became laden with
strange electrical flashes and currents.
A brilliant and beautiful morning was
change in a twinkling to black and fearful
night.

SUBMARINE VOLCANO.
The second eruption was thought at
first to be a volcanic water-spout--a
mountain of water, one captain termed
it--but later it was found to be a sub-
marine volcano, which undoubtedly
caused the eruption. The eruption
covered an area of two and
one-half square miles and lasted
throughout the day.

It is believed here to be of interest
to mariners to fix these eruptions as
nearly as possible so that the spots may
be avoided by shipping. The estimates,
which are not official, place the first
eruption between Hachijima and Aoga-
shima islands and the second between
Smith and Bayonnaise islands in East
Longitude 133.4 and North Latitude
35.6. Both eruptions were followed by
strong earthquakes at Tokyo and in
central Japan generally. The first damaged
several houses slightly. The second
shook caused no direct damage or injury,
but indirectly caused injury to a num-
ber of soldiers and several Japanese
pedestrians. The horses of a company
of engineers were crossing a bridge in
Tokyo at the moment of the shock,
affrighted by the swaying beneath
them the animals stampeded wildly,
throwing their riders and injuring fifteen.

3000-FOOT COLUMN.
The eruption on Suwayama was ob-
served by a Japanese steamer at a dis-
tance of 30 miles. Those on the ship first
saw the islands enveloped in steam and
clouds. An hour and a half later an ex-
plosion occurred, a column of thick, black
smoke rising about 3000 feet.
There were sounds like peals of distant
thunder. A shower of ashes fell in the
evening, when columns of smoke, now
fery, were sighted, soaring to a great
height.

The island has a population of 235
souls, divided into 44 households who
form a village at a distance of four miles
from the crater. They are believed to
have escaped.

This volcano was in eruption soon after
the disaster at Sakurajima in 1914. In
1905 a violent eruption occurred there,
which killed two-thirds of the inhabi-
tants. The volcano is the oldest known
crater in the Kirishima range. Its activi-
ties find a place in the ancient history
of the empire.

Prof. Fushikichi Omori, the leading
seismologist of Japan, declares that the
eruptions at sea, the explosion at Suway-
ama and the recent eruption of Mt.
Yakegatake indicate the beginning of a
period of activity in the Fuji and Asama
volcanic ranges, accompanied by mod-
erate earthquakes.

**TO REJOIN WIFE AFTER
LONG SEARCH FOR GOLD**

FALLON, Nevada, Aug. 13.—Jim Bar-
ron, who has prospected over the hills
and desert country of this state for the
past thirty-two years, has finally struck
it rich. Barron came to Nevada with
his wife from his Maine home thirty-two
years ago.

Owing to ill health, Barron's wife was
compelled to return home, and there in
Maine she has been waiting for thirty-
two years, never doubting that fortune
would come upon her husband.

For years Barron persevered, working for
grubstake and combining almost every
kind of the mineralized zones.

He has just closed a deal with J. H.
Mouder, Jr., of Mrs. A. Stone for the
sale of his Pedro mine for \$25,000,
at the same time retaining a substantial
interest in the property.

After a separation of nearly thirty-one
years, Jim will now return to Maine to re-
join his wife.

**HAND SEVERED, LAD SEEKS
DOCTOR TO PUT IT BACK**

With his right hand completely
severed when he was run over by an
automobile truck, Frank Trano, a 7-
year-old boy living at 923 Taylor
street, Alameda, lay on the operating
table at the emergency hospital and
calmly asked the surgeon if he
could not put the hand back again.
He made no outcry during the opera-
tion.

The boy was run over by an auto-
mobile truck belonging to A. Kesson
company at Santa Clara avenue and
Charles street.

Diarrhoea Quickly Cured.
"About two years ago I had a severe
attack of diarrhoea, which lasted for
over a week. I tried every remedy, but
could not stand upright. A druggist rec-
ommended genuine Chincolle Colic,
Cholera and Diarrhoea Remedy. The first
relieved me and within two days I was
well and gained my appetite. I bought
Bros. Drug Stores--Advertisement.

**WHERE DID YOU GET THE
NIFTY WHITE COAT,
ESTELLE?**

"So, you see, I'm no more favored of
fortune than you are. My new Coat cost
just \$12.00. Isn't that remarkable? To
get an exquisite, genuine Chincolle Colic
with a hairline check pattern in the latest
fashion, and finished handsomely, for
\$12.00?"

"It's just the kind I've been wanting
all summer. I've teased Father into it,
but he said, 'Buy it out of your allowance
or do without it,' and you know, my al-
lowance could never cover an elegant
Coat like that, even if I saved it for
weeks and weeks. My, but you're a
lucky girl, Estelle!"

"Lucky? Why, yes, I suppose I am
lucky to live in the city that boasts that
wonderful Credit Store--CHERRY'S. But
you can have a Coat just like that,
Gretchen, and you'll be just as I, as I
bought mine--ON INSTALLMENT PAY-
MENTS."

"So, you see, I'm no more favored of
fortune than you are. My new Coat cost
just \$12.00. Isn't that remarkable? To
get an exquisite, genuine Chincolle Colic
with a hairline check pattern in the latest

JUDGE CRIST'S NAME FORGED IN PLOT

Jurist's Signature Placed on Police Writ in Effort to Free Prisoner.

SAN FRANCISCO, Aug. 13.—An attempt to release James Williams, a desperate hold-up man in the city prison for nearly two months for holding up a Chinese laundry on the waterfront by means of a forged order of release to which the name of Judge Crist was attached, resulted in the arrest this morning of Charles Schriber and Leon Duffy. The police are now searching for Benjamin Burns, partner of Schriber, alleged to be another principal in the affair, who has disappeared from his home, 2 Bennington street.

The plot to release Williams is believed to have been evolved several days ago and in an effort to lend plausibility to the scheme and pull the wool over the eyes of the desk sergeant at the city prison, Frank Barrie, a regular ball broker of 174 Randall street, was used as an intermediary by the conspirators. It was the appearance at the prison of Duffy, an agent of Barrie, for the release of Williams, with the forged signature of Judge Crist attached thereto, that led to the uncovering of the clever scheme.

Both Schriber, who is in custody, and Duffy, for whom the police are seeking, are already under indictment and awaiting trial before Judge Griffin in a similar accusation of juggling with ball bonds.

CHINESE ROBBERED.

Williams was arrested on June 29, after he and a companion are alleged to have bound and gagged several Chinese in a waterfront laundry. Following a harrowing escape in which Williams used a jitney, intimidating the driver with a revolver, he was arrested and charged with robbery. His companion escaped.

Williams has never had a hearing in the police court. Determined efforts have been made to release him. Through marriage he is related to Duffy's wife. The latter interested Barrie in his behalf and several days ago the broker intimated to Schriber that he might consent to be one of the parties to the bond. On Wednesday Judge Brady fixed the ball at \$2000 ball or \$1000 cash. Last night at 7:30 Barrie called on Schriber at his home, 174 Randall street, and declared that Schriber informed him that he had a man named Hopkins ready to go on Williams' bond. "Hopkins" was placed on the writ and inquired of Barrie as to what he thought of the risk and was informed that the bond broker believed there was no danger and replied, "then I will go on the bond."

At 11:30 p. m. Barrie was awakened by a ring at the door and the release was brought to him.

"I did not like the look of the signature of Judge Crist," declared Barrie to Acting Captain of Detectives McQuade, "but I showed it to a few friends and they seemed to think it was all right. Then I rang up Duffy and he got up, came and got the release and went down town."

JUDGE CRIST PHONED.

When Night Desk Sergeant Fred Smith got one look at Judge Crist's signature he became suspicious. Comparing the writing with the registered name of the judge in the bond and warrant office, he discovered a difference and telephoned Judge Crist at 2 o'clock this morning. The magistrate denied having signed the bond and Duffy was taken into custody. He first stated that he had come from a man named McKenzie, but soon admitted the fact. He was booked for forgery and Detectives Suttman and Nolan went to Schriber's home on Mission street and took him into custody. An officer waited all night at Burns' home, but the suspect did not appear. Schriber denies any connection with the alleged forgery. He and Duffy, however, are booked on forgery charges.

The indictment against Schriber

NEW BAROMETER, THIS RECORDS TREND OF BUSINESS

BERKELEY, Aug. 13.—Here is a new kind of barometer. Instead of mercury it uses innumerable figures. For glass tubes and brass cases it substitutes a mathematical paper. It records from one to five years ahead instead of a few hours. It foretells "hard times" instead of "storm" and prognosticates "financial boom" instead of "generally fair."

The new "business barometer" was published in the American Statistical Society in its session at the University of California yesterday afternoon by Professor Warren M. Persons of Colorado College. He presented a paper on "Examination of Methods of Forecasting Business Cycles." A criticism of the Barrow and Brookmeyer forecasts, which are based on the use of mercantile circles, preceded the demonstration of his own tentative method.

"The basis of the Barrow and Brookmeyer forecasts is the assumption that the law of action and reaction applies to business conditions as well as to physics and chemistry," he said. "This is undoubtedly true, and my criticism of their method is aimed at their selection of statistics. A heterogeneous collection of figures, taken in an unscientific way and handled in a naive and rule of thumb manner.

"The question to be decided is what statistical series can be logically combined with the expectation that the results will be scientifically correct. In my attempt to make a provisional business barometer I have selected nine series: The gross receipts of railroads, the net earnings of railroads, the amount of production of pig iron in the United States, the imports, the amount of pig iron production, the price of pig iron, the amount of immigration and the wholesale price of commodities.

"TO FORECAST MOVEMENTS.

"We know that business cycles coincide with price movements, and the problem is to find a method of forecasting what these movements will be. By using Karl Pearson's method of the correlation of coefficients, I find that an accurate barometer can be constructed. By plotting the curves in geometrical fashion the forecast can be placed in a visible and definite form.

"Clearing-house receipts and the current prices for the principal stocks on the New York exchange are good one-year forecasts, but a combination of all the elements I have mentioned is

SCHOOL COST TO REMAIN SAME

Board to Finish Budget Details Some Time This Evening.

"The percentage of increase in the maintenance budget for the schools will be less than the percentage of increase of the pupils."

This was the statement issued today from the offices of the board of education, following a final perusal of the last details of this year's budget. This evening the last details will be finished, the budget approved, and tomorrow morning will see it filed with the board of supervisors.

The maintenance expense will be kept by the supervisors to the same figure as last year, it was intimated by members of the board yesterday, and today saw a busy session at cutting down this part of the estimates for the year to all but necessities, that a surplus may possibly be allowed for betterments, still keeping the total of the year's expenses to a figure the board of supervisors may approve. The maintenance part of the budget was easily decided on, but in the cutting of the betterments came the principal puzzle.

Kindergarten expenses will be increased. Last year these were \$23,000, and since then a number have been opened and authorized, and furthermore, the kindergartens are opened this term for the whole school year, while last year they only ran for a half year.

LOWER ELEMENTARY COST.

Last year's maintenance expenses in the elementary schools were \$115,557. This sum will probably be lowered by a few thousand dollars when tonight's cuts are made. Last year's high school expenses were \$165,152.98. This sum will also be lowered tonight.

Betterments last year reached \$210,000 for the elementary schools. This year \$200,000 is asked on the present figure, subject also to a cut tonight before final passage, and on the other hand a material decrease is provided for in the high school betterment estimates. Last year this was \$130,000. This year only \$80,000 is asked, a present, and material reduction of this is a certainty tonight when the final cuts are made.

These maintenance cuts will keep the budget well within last year's when placed before the board of supervisors, and there further cutting will be done.

The law requires no more than actual operating expenses in the supervisory levy. The members of the board believe, however, that they will prevail on the supervisors to allow the necessary betterments in addition.

An informal session started on the budget again at 4 o'clock this afternoon in the board of education chambers.

DISCUSSION OF U. S. DEFENSE POSTPONED

Wilson Will Take Up Question With Garrison and Daniels Next Week.

WASHINGTON, Aug. 13.—President Wilson has postponed discussion of the national defense question with Secretaries Garrison and Daniels until next week. He will not pass upon the war and navy estimates, however, until he has conferred with the chairman of the congressional committee.

Secretary Daniels declared today there was an overwhelming sentiment in the country generally for large increases in submarines and aircraft.

"The people in inland states, particularly seem to have come to the conclusion that there should be large increases in submarines and aeroplanes for our naval defenses," said Secretary Daniels. "Many of our citizens who do not plan to attach that importance to dreadnaughts which naval experts do, or who doubt the navy's judgment of the dreadnaughts, are satisfied that the most useful program should provide for liberos expenditure for undersea ships and aircraft."

Much attention would be given to that popular sentiment, the secretary said, in framing the naval program, but no more extensive dreadnaughts also are to be asked for. What the navy seeks, he said, is to make the dreadnaughts as invulnerable as possible.

"We cannot make them invulnerable," said Mr. Daniels, "we want to add on how to prevent torpedoes from sinking them."

The first meeting of the naval advisory board, to be headed by Thomas A. Edison, will be held next month. Before that Secretary Daniels will announce the entire personnel of the board, which will consist of twenty of the foremost scientists and inventors of the country.

President Praises Slain U. S. Sailor He Asks Navy Chief to Aid Mother

By Associated Press.

WASHINGTON, Aug. 13.—President Wilson has written to Mrs. Sophia Gompers of Brooklyn, N. Y., mother of William Gompers, the sailor killed by a Haitian sniper during the American occupation of Port Au Prince, replying to one from Mrs. Gompers in which she said she was proud that her son had died in the service of his country, but that as he had been her sole support she hoped the government could help her in some way.

The president's letter, given out today at the White House, follows:

"My Dear Madame: I have read your letter of August 3 with the deepest sympathy. I feel like congratulating you on having had a son whose dignity it was to die in the service of his country, but my heart goes out to you none the less in profound sympathy.

"I am sure that it would be the desire of every one connected with the public service to see that you did not suffer need because of your son's death. I am sending your letter to the Secretary of the Navy to inquire whether there is any possibility under the law as it stands of assisting you. I fear that there is not, but I am sure the secretary of the navy will wish to consider the matter very fully.

"Cordially and sincerely yours,"

"WOODROW WILSON."

ARMY LAW IS FORCED ON HAITI

Uprising of Factions Is Cause for Some Strict Measures.

WASHINGTON, Aug. 13.—New uprisings by the Bobo and Zamor factions have broken out at Cape Haitien and have forced Rear-Admiral Caperton to establish military rule in the city.

This statement was issued at the Navy Department.

"Admiral Caperton reports that on account of disturbed conditions in and around Cape Haitien, due to the Bobo and Zamor factions, it has become necessary to take military control of the town and conduct affairs in the same manner as at Port Au Prince. Civil officials are employed where it is possible and suitable men can be obtained.

"Commander Olmstead, commanding officer of the Nashville, has been placed in charge and has a battalion of bluejackets from the Connecticut ashore to assist in maintaining order."

Nurses Bear Body of Companion to Grave

RICHMOND, Aug. 13.—Six nurses in training from the Roosevelt hospital, Berkeley, this afternoon, acting as pallbearers, bore to its last resting place in Street View cemetery the body of twenty-year-old Emma Gish, the young student nurse who died at the hospital a few days ago. The services were held from the Smallwood chapel, with Rev. Lange of Berkeley in charge.

The nurses who acted as pallbearers were: Miss Louise Brand, Miss Mabel McChristian, Miss May Hake, Miss Nettie Burson, Miss Hazel Bainbridge and Miss Grace Howie.

Fire Still Raging in San Bernardino Mts.

SAN BERNARDINO, Aug. 13.—The forest fire which has been burning for 40 hours in the San Bernardino watershed was not yet under control today although wind conditions were reported to be more favorable.

The fire is burning in the small gulches tributary to the south fork of the canyon, where it is difficult to reach.

Approximately 300 men are working in shifts to extinguish the flames.

Last of Civil War Veterans Is Retired

WASHINGTON, Aug. 13.—The last of the active list of the United States army who saw service in the civil war was placed on the retired list today when Colonel John L. Clem, quartermaster's department, reached the age of 64 years and wound up his official duties at the war department, where he has been stationed for many years. He retires with the additional rank of brigadier-general, in accordance with an act of Congress.

Colonel Clem is commonly known as "the drummer boy of Chickamauga," because as a lad of 10 he ran away from home and attached himself to the Twenty-second Michigan infantry regiment and beat the drum in some of the bloodiest battles in which that organization participated, notably at Shiloh and at Chickamauga, where he is credited with having killed a Confederate colonel. He was wounded twice at Atlanta and was made a sergeant for bravery. President Grant appointed him a second lieutenant in the regular army in 1871.

To Petition Recall of Schmidt-Caplan Judge

By Associated Press.

LOS ANGELES, Aug. 13.—Petitions for the recall of Judge Frank Willis of the superior court because of his decision not to reopen hearings on motions to quash the indictments against Matthew A. Schmidt and David Caplan, alleged confederates of the McNamara dynamite conspirators, will be started in a few days, according to statements published today and attributed to John Murray, representing the men interested in defending the accused. Thomas McLean, registrar of voters, said Murray visited him and asked how many signatures would be required to order a vote on the recall of Judge Willis. Murray stated at the time that Judge Willis' action ordering Schmidt and Caplan to trial for murder in connection with the destruction of the Times building, October 1, 1910, would be made the basis of the recall movement. Petitions also will be circulated to order an initiative to abolish the present grand jury system.

Name F. H. Hamilton in Arson Warrant

By Associated Press.

LOS ANGELES, Aug. 13.—F. H. Hamilton, a well-known mining engineer was named in a warrant issued today charging arson on the basis of a fire which a few days ago destroyed Hamilton's mansion, known as the "Moorish Castle" in Pasadena.

The issuance of the warrant was the outcome of an investigation conducted by detectives employed by the county and insurance companies to investigate a number of fires recently.

Evidence of an arson ring which, however, did not involve Hamilton, is said to have been uncovered through the arrest of three men, Joseph Barbara, John Costa and Salvatore Turco. This evidence, according to detective department officials, involves several fire insurance adjusters and at least one attorney.

Hamilton was not found today either in Los Angeles or Pasadena, and telegrams were sent to Phoenix and Tucson, Arizona, where he is said to have interests.

and Burns before Judge Griffin involves the charge that they brought a woman purporting to be Mrs. Kate Castle, of 3304 Mission street, to qualify on a bond, and it later developed that the real Mrs. Castle knew nothing of the case and that someone had impersonated her.

Strike of Teamsters Spreads Over St. Louis

By Associated Press.

ST. LOUIS, Aug. 13.—A strike of teamsters which began here today when 300 men employed by two transfer companies walked out, extended shortly before noon to practically every teaming firm in the city. Between 1200 and 1500 men are now on strike.

T. R. LIKE BISMARCK, BARNES TELLS SOLONS

By Associated Press.

ALBANY, N. Y., Aug. 13.—William Barnes Jr. warned the constitutional convention, now in session here, that if a stop was not put to what he termed "socialistic" or class legislation, there would be established in this country an autocratic state similar to that of Germany. "Denying utterly the American theory of equality."

Incidentally, the Republican leader compared Theodore Roosevelt to Bismarck, and asserted that the Progressive party had inaugurated and was advocating the identical policy which had caused the Socialist party in Germany to become the largest single group in the Reichstag.

Cranes Hoist Eastland, River Traffic Halted

By Associated Press.

CHICAGO, Aug. 13.—With most of the water pumped out of the hold of the steamer Eastland, divers fastened the hooks of four powerful cranes to the sides of the vessel today preparatory to placing the ship on even keel.

Nets were stretched across the Chicago river for the purpose of catching any bodies which might be carried downstream by the current when the boat is hoisted. All river traffic was to be halted during the operations until divers ascertained that no more bodies are buried in the mud.

MAGICIAN BOOKED AS FUGITIVE FROM JUSTICE

SAN FRANCISCO, Aug. 13.—It will probably be some time before Svenus Hertz, D'Holt, magician, illusionist and trickster, who was arrested by Sheriff Eileen, from the water in the famous milk can mystery. Both were arrested yesterday following the arrival of a steamer from Coquille, Or., and today they arrived from Sheriff Alfred Johnson a warrant charging the man with transporting about the state a woman for immoral purposes. He was, therefore, booked here as a fugitive from justice. The woman in the case, who goes under the name of Ellen Cobra, claims to be D'Holt's wife. The gravity of the charge against the illusionist was not known until the arrival of the telegraphic message from Sheriff D'Holt and the woman accompanying him have been traveling about the country presenting a series of tricks and disappearance oddities.

GROCER IS OUT GOODS; IS ALSO OUT CHANGE

SAN FRANCISCO, Aug. 13.—Alfred Gallagher, of 610 Clay street, Oakland, employed as a clerk in the grocery at 614 Larkin street, informed the police of a new swindle this morning in which his firm was victimized out of \$940. A man entered the store and ordered groceries amounting to 60 cents, to be delivered to the German House, Polk and Turk streets, requesting that the parcel box have change for \$10. The lad made the delivery, met the stranger, who took the change from him, told him to take the goods to the kitchen and said he would follow and give him a \$10 gold piece. When the lad had handed the goods to the cook he was informed they had not been ordered and the man he met in the passage had disappeared.

BOY IS RUN DOWN BY AUTO; HIS LEG BROKEN

Theodore T. Dranga, 14 years of age, 2227 School street, fractured a fractured left leg last night when he was run over by an automobile driven by E. L. Arnest of 593 Nineteenth street. The injury was treated by Dr. George C. Reible and Dr. W. H. Levin at the emergency hospital.

MRS. LAWSON ADAMS, WHO IS ENTERTAINING AT HER SUMMER HOME IN BELVEDERE.

PRINCESS' SUITOR DIES IN BATTLE

His Fate Recalls Suicide of Disappointed Grand Duke's Cousin.

By Associated Press.
LONDON, Aug. 12.—Baron von Bleichroeder, son of the famous German banker, was killed while fighting on the Warsaw front on August 1, according to an Amsterdam dispatch to the Exchange Telegraph Company. He was at one time secretly engaged to Princess Sophia of Saxony, who committed suicide in 1912 because her family refused to permit their marriage.

The love affair of Princess Sophia and Baron Bleichroeder, which led to her suicide, aroused intense interest throughout Germany. The young Baron was the eldest son of the head of one of the most powerful banking houses in Germany, who was renowned for his valuable financial services to the empire. Grand Duke of Saxony, was said to have been responsible for preventing the marriage of the banker's son to the Princess. He refused to sanction the union unless the Princess, his third cousin, renounced all her titles and dignities, which she refused to do. Her father, Prince William, was said to have been inclined to yield to her wish that she might wed the man she loved, but was unable to take an independent stand owing to his financial relations with the Grand Duke, who based his objections to the match upon the ground that Princess Sophia should not wed inferior in rank.

Baron von Bleichroeder was in New York in 1910 to study banking methods. The young son, who was said at that time to be heir to \$40,000,000, kept his identity secret for ten months from all except his most intimate friends. He was said at one time that he intended to enter the diplomatic service of his country, but for some reason he failed to do so.

EDUCATOR TO SPEAK AT Y. W. C. A. SESSION

Sumner E. Brown, former head of the department of education at the University of California, will address an audience composed of students from Stanford, the University of California, Mills College and South colleges, at the Y. W. C. A. conference camp at Asilomar tomorrow. The address will be given in the new auditorium and many prominent persons from the bay region will be present at the luncheon, which will be given at 12 o'clock in the afternoon. The program is in charge of a committee composed of: Mrs. Phoebe A. Hearst, Mrs. John F. Merrill, Mrs. Phoebe M. Fiske, Mrs. J. E. Bell, Mrs. M. C. Crawford, Mrs. C. R. Ralph P. Merritt, Mrs. M. P. Schofield.

GERMAN NATIONALITY CLAIMED BY ORBOLPH

By Associated Press.
TALLAHASSEE, Fla., Aug. 13.—August Orbolph, held here today for arraignment on a charge of having made drawings of military reservations and lighthouses along the coast, claims German nationality, according to jail officers. He denied, they said, reports that he was of Austrian birth and had received remittances from relatives in Austria.

MILL GIRL WIFE SUES MILLIONAIRE HUSBAND

COUTH BEND, Ind., Aug. 13.—The second romance of Mrs. Olive Klingman Lewis Studebaker is at an end. The former mill girl who was married to her millionaire employer, George Lewis, and who after his death became the bride of Peter E. Studebaker, son of the famous South Bend family, has sued for divorce.

IOWA WOMAN TELLS OTHERS

How Lydia E. Pinkham's Vegetable Compound Carried Her Safely Through Change of Life.

Cedar Rapids, Iowa.—"At the Change of Life the doctor said I would have to give up my work and take my bed for some time as there was no help for me but to lie still. I took Lydia E. Pinkham's Vegetable Compound and kept up my work and now I am over the Change and that is all I took. It was better for me than all the doctor's medicines I tried. Many people have no faith in patent medicines but I know this is good."—Mrs. E. J. RICKETS, 354 8th Avenue, West, Cedar Rapids, Iowa.

Such warning symptoms as sense of suffocation, hot flashes, headaches, back-aches, dizziness, fainting, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

If there are any complications you don't understand write Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass.

WOMEN IN THE NEWS

WOMAN DRIVER KILLED IN AUTO ACCIDENT

SAN LUIS OBISPO, Aug. 12.—Dr. E. H. Hulse, 49, a woman physician, was killed in an auto accident on Wednesday. She was driving her car on the highway when it was struck by a train. She was killed instantly.

SUSPECT WOMAN WAS THROWN INTO OCEAN

SAN LUIS OBISPO, Aug. 12.—Washed ashore by the surf, the body of a woman, identified as Mrs. Mary J. Hulse, was found on the Coronado Beach yesterday. The woman is said to have come to San Diego about ten months ago from Illinois, presumably from Chicago. Little is known of her here, as she is said to have been reticent in conversations with acquaintances. No marks were found on the body. It is believed that she was thrown into the ocean by a man who was with her at the time. An autopsy is to be performed today.

SETH MANN WINS DIVORCE DECREE

SAN FRANCISCO, Aug. 13.—Seth Mann, attorney for the Chamber of Commerce, won a divorce decree yesterday from Judge J. H. Mann on grounds of desertion. Mann stated that his wife is living at 421 West End avenue, New York. His testimony as to her desertion of him was corroborated by their 13-year-old daughter, Dorothy Hulse Mann. Mann said his wife made a trip to Japan in the early part of 1914. When she returned, she was very different. She could not live with him any longer. She divided their furniture, and took her children to New York City. "Why did you leave me?" queried Judge Shortall. "She said she had lost her affection for me," Mann replied.

WEDS FATHER'S EMPLOYEE

NEW YORK, Aug. 13.—Friends of Miss Nellie Hentz, daughter of Henry Hentz Sr., millionaire and head of the firm of Hentz & Co., cotton and copper brokers, learned with surprise yesterday of her marriage the day before to Alexander Schultz, superintendent of her father's summer estate at Madison, N. J.

WIFE REFUSES TO STAY IN JAIL WITH SPOUSE

LOS ANGELES, Aug. 13.—Though prison doors were opened yesterday for a pretty little wife and freedom granted her, yet she declined and asked to stay with her husband, jailed upon the same charge. William Abbott and his wife, Dorothy, had been placed in their way when they were the least able to resist. It both said they had no money, there was no food in the house and the young husband was in jail. A letter came addressed to the house where they lived. No name was upon the envelope. But just the street number. They opened it and found that it contained three checks totaling \$20. They came from Washington, D. C. Enclosed was a note addressed to "Dear Elizabeth" and showing the checks were intended for a relative of the sender. Then it is charged the couple forced the endorsements and cashed them. Yesterday morning the wife pleaded guilty before Judge Willis and was sentenced to the county jail. She refused to go, she said. "Please don't let me stay in jail near Billy. Really I am all alone, have no place to go and don't want to leave Billy. But she was told to go to the county jail, the husband, probably will be brought before the court today.

Mann stated that his wife is living at 421 West End avenue, New York. His testimony as to her desertion of him was corroborated by their 13-year-old daughter, Dorothy Hulse Mann. Mann said his wife made a trip to Japan in the early part of 1914. When she returned, she was very different. She could not live with him any longer. She divided their furniture, and took her children to New York City. "Why did you leave me?" queried Judge Shortall. "She said she had lost her affection for me," Mann replied.

The Fall Models in "Lucile", "Dorothy", "Bon Ton" and "Royal Worcester" Corsets have arrived.

"It pays to advertise goods that it pays the public to buy"

That's WHY we advertise gas ranges.

We do not feature any particular range.

There are many good makes on the market.

We do not specialize on any particular features.

There are many improvements in modern gas ranges.

BUT—

We do ask you to visit the local stores. See the modern gas range. See the many improvements over the old styles.

We do know that the modern gas range is built for service—will save you work—time—worry—and that it is the most economical appliance made today for cooking.

TROUT BEING KILLED EXPOSED TO SUNLIGHT

SAN BERNARDINO, Aug. 12.—Officers of the Fish and Game Commission have been investigating the strange deaths of trout in the mountain streams. They report that the fish are dying due to the sun beating down on the streams, killing the water.

The strange deaths have been caused by the sun's rays, which have been beating down on the streams for several days, killing the water. The fish are dying in large numbers, and the water is becoming very warm.

When the trout are taken out of the water, they are found to be dead. The water is very warm, and the fish are found to be dead in large numbers. The water is becoming very warm, and the fish are found to be dead in large numbers.

THIEF ROBS DOCTOR OF \$500 DURING NIGHT

MARYSVILLE, Aug. 12.—When Dr. William J. Quinn, a practicing physician of this city, retired to his room in the Hotel Weson Tuesday night he had \$500 in cash, mostly in twenty-dollar pieces, distributed about various pockets of his trousers. When he awoke early this morning the money was still there, but the money was not his.

Dr. Quinn had occasion to cash a \$500 check, and he took the money to his room. He had the money in his pocket when he went to bed. He awoke early this morning and found the money was gone. He reported the matter to the police.

FINDS AT LAST HER LOST SONS

Boy Wanderer and Mother to Be Reunited After Long Years.

PEORIA, Ill., Aug. 12.—Like a romance, the story of Bessie Wittig, a woman who has been searching for her two sons, who were lost when they were young, has reached a happy ending. The boys, who were found in the city of Peoria, are now being reunited with their mother.

The story is a true one. Bessie Wittig, a woman who has been searching for her two sons, who were lost when they were young, has reached a happy ending. The boys, who were found in the city of Peoria, are now being reunited with their mother.

ERADICATE DREAD SAMOAN DISEASE

Tonas Stamped Out in Islands by United States Medicos.

WASHINGTON, Aug. 12.—The efforts of the medical department of the United States have been successful in stamping out the dread disease of Tonas in the islands. The disease, which is a form of leprosy, has been eradicated in the islands.

CHIEF INVESTIGATES

His story, though it seemed improbable, interested Chief Rhoades, who communicated with the police at Somerset and is awaiting a reply.

Meantime the story of the city police and Mrs. Inez Ware and Miss Josephine Hitchcock, sister and half-sister of the boy, called at police headquarters and identified him as Bessie Wittig. In the good old story-book way, a man on his knees and the detective, although the striking resemblance between the ladies and the boy is so great it is convincing.

WOULD PLEAD GUILTY; NIX. SAYS JUSTICE COX

SANTA ANA, Aug. 12.—"I am not guilty of the charge against me," said Julian Ballard, negro, as he appeared before Justice Cox. "but I have no money to fight the charge and guess I'll have to plead guilty."

"You'll be making of the sort," replied Justice Cox. "if you think you're not guilty, you shall have the same chance for a fair trial in my court as the man with a thousand dollars. I aim to deal with absolute fairness to everybody, rich or poor, prominent or unknown, and I'll not have it said that any man was railroaded to jail or to the pen through my court without an equal chance with anyone else to prove his innocence. Unless you plead guilty to your own free will, I'll not accept the plea. I'll bring the witnesses into court and prove whether or not you're guilty."

STARTS PETITION FOR MAYOR WIXOM'S RECALL

SAN BERNARDINO, Aug. 12.—Gus Landers, a former "business" associate of former Police Chief Fred Secombe and member of the police force under the Secombe regime, has started a petition for a recall petition directed at Mayor Wixom.

Landers says that Joe Gattick will be the recall candidate. It is learned that Gattick, Fred Secombe and Landers are behind the recall movement, and Secombe is conferring at times with Chas. McElvaine, who doubtless represents Gattick while the latter is out of the city and gives orders for him.

WOMAN WHO TAUGHT THIRTY YEARS RESIGNS

WOODLAND, Aug. 12.—After twenty-seven years of continuous service in the Woodland grammar school, Miss Jennie Gibson has handed in her resignation, to become effective at the opening of the coming term. The resignation was accepted at a meeting of the board of education, and Miss Alice Leithold, a Woodland girl, selected to take her place.

The reason for the resignation of Miss Gibson was that her health had failed her in the past year and that since she has been in the schoolroom for more than thirty years in this and other counties, she is entitled to \$500 yearly under the Teachers' Pension Act.

JUNK MAN IS HURT

SALINAS, Aug. 12.—Accidentally shot through the head with a .38-caliber revolver, a traveling junk man suffered a painful injury yesterday. The man, whose name was not learned, was putting the weapon in a suitcase, when about two miles from Salinas, he fell over the side of the wagon, and his right arm being jarred by contact with the wagon, pulled the trigger. The bullet passed through the palm of his left hand, just above the middle finger.

POLICE RAID LOTTERY

Acting Corporal Coley, who was detailed by Chief Woods to keep down the Chinese lotteries, raided the premises of 222 Eighth street last night and arrested Geo. Sing for conducting a lottery and seven other Chinese for visiting a lottery resort. Geo. Sing was released on \$300 bail. It is doubtful whether a conviction can be had.

GIVEN WAGE INCREASE

BAYTON ROUGE, La., Aug. 12.—Mechanics and laborers employed by the Standard Oil Company at its refinery here will be granted a 10 percent wage increase, effective September 1, it was announced today. About 1840 men are affected.

BEAT FRIDAY, 13

Three couples bent upon matrimony braved Friday, the 13th, by taking out marriage licenses today. The number falls considerably below the average in licenses issued by County Clerk George E. Gross. Two Oakland couples and one from Hayward made up the list.

STEALS 48 PINTS OF BEER

Herbert Gregory, 1910 Thirty-eighth avenue, reported the theft of 48 pints of beer from the basement of his home. The beer had been left open and the bottles were carried away during the night.

BUSY MEETING IN STORE FOR CITY TRUSTEES

GRASS VALLEY, Aug. 12.—Many important matters are scheduled to come up at a regular monthly meeting of the city trustees tomorrow night. The trustees will look into the matter of securing rights of way from property owners of East Main street in order to permit the construction of a new bridge over the river. The project will make its report. Whether or not this project will be carried out hinges on the report from the committee. The project involves an expenditure of from \$1200 to \$1500.

RAILROAD MUST PAY DAMAGES TO RANCHERS

WOODLAND, Aug. 12.—Superior Judge Anderson in a decision rendered on the original condemnation suit of the Vallejo & Northern Railroad Company vs. the Reed Orchard Company, has ruled that the sum of \$104,100 now held by the county clerk pending a decision, be given over to the Reed Orchard Company.

The Reed Orchard Company will not, under the decision, receive \$100,000 interest, alleged to be due from November, 1912.

NEGRO ARRAIGNED AND HELD WITHOUT BONDS

COLUSA, Aug. 12.—Sam Robinson, alias Johnson, the negro who murdered Richard Lindsay and attempted an assault on Mrs. M. E. Elving at the Elving ranch, on Sand Creek, was secretly brought before Justice of the Peace McGuffee and held without bonds.

Robinson was taken from the jail to the superior court room over the bridge, where he was held overnight, and not through the yard. Everything was done secretly.

TILLER CADET, IN FINE FORM, HURLS SEALS TO VICTORY

Three Former Oaks Are in the Line-up of Blank's Busy Bees.

(By Billy Fitz.) Tiller Cade, the pudgy faced south-paw from Detroit, pitched the seals to victory here yesterday, 5-2, following the Bees but four hits. Only one safe blow registered off the lanky flinger in the last six long innings.

Howard Gregory, who opposed Cade, was hit steadily throughout the game. Bodie's single in the opening inning chasing Fitzgerald and Schaller over the plate before the fans had become seated. In the third inning, Cade's ball, advanced on Schaller's neat sacrifice, and after Schmidt had fled to Quinlan, scored on Bodie's drive to center. But Gregory caught Bodie off first, but Brief's throw to second went wide of the mark and Bodie dashed to third, when he scored on Corhan's safe blow to left.

Again in the eighth the seals rang out. Cade, who was hit by a single and stole, but was trapped at third on McLean's fielder's choice to the pitcher. During the run-down, Cade's bat hit for second, and scored on Jones' third straight single. Cade scored Jones from second with a terrific drive to center that almost tore Gregory's top piece from his neck.

The Bumble Bees got their runs in the second and third. Gordon walked and went to third on O's single. The pair then worked the double steal. Cade's return throw being low and wide. In the third Schaller singled, went to second on a wild pitch, and scored on Brief's savvy throw to left center.

The Bees had three former Oaks in their line-up. Meneses at third, Gregory at first, and Elmer Zacher at pitcher. Elmer was unfortunate enough to hit into a double play when he walked Gregory's bat in the eighth.

THE SCORE:

	AB	R	H	E	PO
San Francisco	25	3	10	2	2
Oakland	25	2	4	1	1

Boxing: Cade, 5; Gregory, 2. Time of game, 1:30. Umpire—Field and Brasher.

Kahler's Pitching Gives Beavers Win

PORTLAND, Ore., Aug. 12.—Portland checked the Vernon Tigers 7 to 2, partly because Kahler's hurling was so good. Kahler's pitching in the pinches, particularly in the fourth and fifth innings, was the key to the victory. Kahler pitched a shutout, four double plays and sharp errorless defense. The Beavers scored on Bodie's drive to center. But Gregory caught Bodie off first, but Brief's throw to second went wide of the mark and Bodie dashed to third, when he scored on Corhan's safe blow to left.

Again in the eighth the seals rang out. Cade, who was hit by a single and stole, but was trapped at third on McLean's fielder's choice to the pitcher. During the run-down, Cade's bat hit for second, and scored on Jones' third straight single. Cade scored Jones from second with a terrific drive to center that almost tore Gregory's top piece from his neck.

OAKS BEATEN BY JOHNNY WILLIAMS AND GOOD SUPPORT

Presence of McCordle Fails to Break Winning Streak of Angels.

LOS ANGELES, Aug. 12.—"Honors" McCordle, ex-Seal, ex-Tiger and more recently ex-Beaver, signed with the Oaks yesterday and immediately got into the game at short, but his presence failed to break the victors' winning streak, and the Angels copied their third straight win. The Oaks scored in the first, second, third, fourth, fifth and sixth innings. The Angels scored in the seventh, eighth and ninth. The Oaks won 5 to 1. Bill Burns was hit in bunches, particularly in the fourth and fifth innings. The Oaks scored in the first, second, third, fourth, fifth and sixth innings. The Angels scored in the seventh, eighth and ninth. The Oaks won 5 to 1.

THE SCORE:

	AB	R	H	E	PO
Los Angeles	25	5	10	2	2
Oakland	25	1	4	1	1

Boxing: McCordle, 5; Bodie, 1. Time of game, 1:30. Umpire—Field and Brasher.

OLD DAYS STRENUOUS FOR BALL PLAYERS

"Baseball," says a veteran writer, "isn't as strenuous in many ways as it was years ago. I'll never forget one occasion I drove in those lively days that a player would come to know how times have changed."

Baseball, says a veteran writer, "isn't as strenuous in many ways as it was years ago. I'll never forget one occasion I drove in those lively days that a player would come to know how times have changed."

Target Tips and Hunting Helps

by Alfred P. Lane

Send questions to Mr. Lane care of this paper.

Ans.—This depends upon the length of the barrel. In a rifle barrel of 16 or 18 inches or over all the powder is burning.

Ans.—Does a bullet being lodged in a gun and drilled out injure the gun?

Ans.—Not if done properly by experienced workmen.

Ans.—Does a "Gallery Special" target rifle bored for 22 shorts only shoot true to a rifle bored for shorts, long and long rifles? The guns are of the same make.

Ans.—Twenty-two short cartridges give more accuracy in the Gallery Special than they do in the Target grade, for instance. If it is chambered and rifled for the 22 long rifle cartridges. If you intend to use 22 shorts, get a rifle chambered for 22 long rifle cartridges. This is not only a matter of accuracy, but if numbers of 22 shorts are used in a rifle chambered for 22 long rifle cartridges, the gun will be damaged.

Ans.—Reasonably good accuracy would be obtained with a 30-30 rifle. What sights would you advise for front and rear for deer and bear hunting? Would you consider this rifle as being in the market for this purpose—in fact for all big game?

Ans.—A 30-30 rifle would be fitted with a 30-30 sight. The sights would be of the same make as the rifle. The sights would be of the same make as the rifle.

Ans.—If there is any law in the subject, it is a local one. There is no national law affecting the use of Maxim silencers.

Ans.—A single shot rifle is no money than a 22 short rifle. The 22 short rifle is a better rifle for hunting than a single shot rifle. The 22 short rifle is a better rifle for hunting than a single shot rifle.

Ans.—Do you not exactly understand what difference noise can make in loading or unloading. Using a repeating rifle, the sportsman is at a family with his weapon, he will operate the action to reload so quickly that what noise is made is not heard. The noise of the action is the relatively much heavier jar and noise of the actual explosion, and game is therefore less liable to be frightened than by the noise of the action. The noise of the action is the relatively much heavier jar and noise of the actual explosion, and game is therefore less liable to be frightened than by the noise of the action.

Ans.—With reliable makes of rifles there is no difference.

Ans.—Do you consider the round nosed bullet of the .30-30 or .32 W. C. F. type more accurate than the blunt nosed bullet of the .30-30 or .32 W. C. F. type? I notice in all rifles where extreme accuracy is called for they use the round or pointed bullet.

Ans.—Round nosed bullets are usually more accurate than the blunt nosed.

Ans.—The .32 short Colt smokeless is not accurate up to 50 yards when used in a single shot rifle. The .32 short Colt smokeless is not accurate up to 50 yards when used in a single shot rifle.

Ans.—To my way of thinking, a supplemental chamber should be made as accurate as the main chamber. At best the supplemental chambers do not give great accuracy as the main chamber. At best the supplemental chambers do not give great accuracy as the main chamber.

Ans.—Do you consider good accuracy would be obtained by using the Maxim silencer in a 22 short rifle? The Maxim silencer is a good silencer, but it is not accurate up to 50 yards when used in a single shot rifle.

Ans.—This rifle will give you more satisfaction for deer and bear hunting than a 22 short rifle. The 22 short rifle is a better rifle for hunting than a single shot rifle.

Ans.—After a hundred and fifty members of the Interior Yacht Club of San Francisco sailed on their annual cruise to Lake Mendocino, the trip will last until Monday morning and the sailors expect to have a lively time of it.

SOUTHERN YACHT HERE.

After a stormy voyage the yacht Viking of the South Coast Yacht Club, but in at the yacht harbor at the Exposition yesterday.

AMATEUR BASEBALL

CORRIGES NOSED OUT.

After having the game lost, the Leasdale team through 2-0, the club had scored four runs, losing the Corbin Athletic Club out of the game. The features were the heavy pitching of both sides. Austin and Warren pitched a shutout, four double plays and sharp errorless defense. The Beavers scored on Bodie's drive to center. But Gregory caught Bodie off first, but Brief's throw to second went wide of the mark and Bodie dashed to third, when he scored on Corhan's safe blow to left.

Again in the eighth the seals rang out. Cade, who was hit by a single and stole, but was trapped at third on McLean's fielder's choice to the pitcher. During the run-down, Cade's bat hit for second, and scored on Jones' third straight single. Cade scored Jones from second with a terrific drive to center that almost tore Gregory's top piece from his neck.

The Bumble Bees got their runs in the second and third. Gordon walked and went to third on O's single. The pair then worked the double steal. Cade's return throw being low and wide. In the third Schaller singled, went to second on a wild pitch, and scored on Brief's savvy throw to left center.

The Bees had three former Oaks in their line-up. Meneses at third, Gregory at first, and Elmer Zacher at pitcher. Elmer was unfortunate enough to hit into a double play when he walked Gregory's bat in the eighth.

THE SCORE:

	AB	R	H	E	PO
Portland	25	7	10	2	2
Vernon	25	2	4	1	1

Boxing: Kahler, 7; Bodie, 2. Time of game, 1:30. Umpire—Field and Brasher.

BREAKS IN WHEAT IN CHICAGO MARKET

Cancellation Reports Cause Drop; Corn Shows Effect.

CHICAGO, Aug. 13.—Exported wheat that reached as much as 70-cents a bushel in some cases took place in the wheat market today as a result of reports that sales of nearly 2,000,000 bushels of exporters had been canceled. Opening prices of wheat, with September contracts to ship and deliver at 105 1/2 to 106 1/2, rallied the way from 141 1/2 to 31c to 31c 1/2 under last night's figures.

The close was strong, showing for September at 107 1/2, for December, a loss of 1/2 cent to 106 1/2.

Weakness in wheat had a depressing effect on corn.

The close was steady, 4 1/2 to 4 3/4 under prices.

Oats, like corn, gave way with wheat.

The time was usually 4 1/2 to 5 hours.

1st—September, \$8.10; October, \$8.15.
 Ribs—September, \$8.80; October, \$8.97.

PROBE DELAYED BY GRAND JURY

San Leandro Matter Put Over; to Meet at Call of Chair.

After taking the testimony of a number of witnesses the grand jury last evening adjourned at the call of the chair. It is probable that another meeting will be held next Thursday before a report is filed in the Superior Court.

The investigation into municipal affairs in San Leandro has been more than one aspect caused satisfaction among the city officials and merchants alike in that it may help to clear up the licensing situation which has long given trouble.

ADMIT CHARGES. In regard to the charges that the municipality has been sold goods by one of the city officials, the municipal authorities admitted this to be so, but state that they made the purchases because they believed the goods were acting in the best interests of the community.

Some time ago complaint was made at a meeting of the town board that horses had been hired for municipal use from Trustee Fred Schmidt. No action was taken at the time over the complaint, although it was said that a direct charge of violating the law might be brought.

LICENSES THE CRUX.

Discontent over the licensing ordinance is one of the principal reasons for the grand jury investigation. The city license has been held by numbers of the merchants to be discriminatory and they have been asked on more than one occasion to rescind it. Several of the tax payers defied the ordinance and in one case the matter was brought to court when the municipality was given a decision against the taxpayer. Frank Branch, a blacksmith, who is the complainant for the present investigation and who has made charges against the conduct of the city's affairs, was one of the first to complain of the licensing ordinance and paid his license dues under protest.

SPECIAL EXAMINERS NAMED BY STATE

Harry Encell Will Aid in Taking Testimony for Commission.

SAN FRANCISCO, Aug. 13.—With the appointment of Harry A. Encell, Alameda assemblyman and Progressive leader; Philip Bancroft, a young San Francisco attorney; and Myron Westover, assistant city attorney of Los Angeles, as special examiners, the State Railroad Commission today inaugurated a new system of taking testimony in remote parts of California.

The examiners will act in exactly the same capacity as the examiners of the Interstate Commerce Commission, taking testimony in places most convenient for the witnesses and making detailed reports to the commission.

It is probable that the examiners will in certain instances hear cases at the headquarters of the commission in San Francisco, but it is the immediate intention of the Board of Railroad Commissioners to use them largely on the road. They will have the power of ruling out evidence and will conduct the hearings in every way as though they were full-fledged commissioners. At the conclusion of a hearing the transcript of the testimony, combined with the recommendation of the examiner, will be submitted to the commission and considered by one or more of its members, the final decision coming from the commission itself.

The appointment of the three examiners was made possible by the action of the last legislature. The recent public utilities act, throwing upon the commission added responsibility in conducting an entire and much additional labor, necessitated the appointment of assistants, in order that multitudes of small hearings might be held. The new examiners will receive salaries of \$3000 per annum.

COLLEGE PRESIDENT TO ADDRESS CONGREGATION

Miss Mary Woolley, president of Mount Holyoke College, will be the speaker next Sunday evening at 7:30 o'clock at the First Presbyterian Church, where she will deliver an address on "The Beauty of Life." The noted visitor will be introduced by the pastor, Rev. Frank Lincoln Goodspeed, who formerly filled a pulpit in Amherst, Mass.

Added interest is given Miss Woolley's presence here by the fact that Mount Holyoke is considering an offering of Mount Holyoke as Mrs. Susan Mills, founder of the celebrated educational institution for women near Beulah Heights, was once a pupil of Holyoke under Miss Mary Lyon. Later Mrs. Mills became one of the teaching staff there.

Miss Woolley is stopping at the St. Francis in San Francisco.

DARKEN GRAY HAIR, LOOK YOUNG

Gray Hair Changed to an Even Dark Shade—No Dye.

You can easily turn your gray, faded or streaked with gray hair beautifully dark and lustrous almost overnight if you apply, a few times, Q-Ban Hair Color Restorer to hair and scalp like a shampoo. Q-Ban is harmless, non-sticky, delightful to use and darkens all your gray hair so naturally and evenly that no one can tell it has been applied. Q-Ban acts on the roots, makes hair and scalp healthy, changing gray hair and entire head of hair to that soft, even dark luster, fluffiness, beauty and abundance which makes the hair so fascinating and attractive. Besides preventing balding, itching scalp and falling hair. Try it at our risk—guaranteed. Only 50c for a big 7-oz. bottle at Normal Pharmacy, Eighth and Washington sts., Oakland, Cal. (Phone Oak 2550). Out-of-town folks supplied by parcel post. Call or ask for Q-Ban for Hair Color Restorer—Advertisement.

Takes Out the Itch and Sting. Sanitizes first aid for mosquito, flea and other insect bites. Gives instant relief and comfort. Keep supply on hand, 50c. All drug stores.

DENIES RUMOR OF PACIFIC MAIL SALE

November 2 Is Last Day for Corporation, Says Schwerin.

SAN FRANCISCO, Aug. 13.—With no definite statement as to what is to become of the Pacific Mail Company, the Pacific Mail Company, but with the assertion that the corporation will absolutely discontinue, on November 2, its service to the Orient, R. P. Schwerin has returned to San Francisco. Schwerin is vice-president and general manager of the Pacific Mail Steamship Company and for some time has been in New York attending meetings of the board of directors. Another of these sessions was held yesterday, and it is understood that there are several propositions before the board for the disposal of the company and the business of the corporation.

Schwerin, as is customary with him, was reluctant today to discuss the situation. "We can no longer continue in business with the operation of the L. A. Pacific Mail. It sounds the death knell of the American merchant marine and our steamship service will be discontinued in November. I have nothing to say as to the disposal of the ships of the line, and I cannot comment on the various rumors that have been put forward as to Chinese or Japanese ships being purchased. Nothing definite has yet been decided in regard to these matters."

COERCED, CHARGES WIFE ON STAND

Signed Agreement Under Pressure, Says Woman on Stand.

Mrs. Paul A. Spott appeared before Superior Judge E. J. Brown today and declared that she had been coerced by her husband into signing an agreement purporting to be a relinquishment of her claims to custody of their minor son, who was awarded to her upon her cry-complaint for divorce some time ago.

Mrs. Spott explained that her husband had caused her to be spied upon and caused her to become so nervous that she had been willing to sign anything to be relieved of the strain upon her. In return for the withdrawal of "spies" upon her child was to be given to the husband.

Judge Brown continued the matter for two weeks and ordered that in the meantime the estranged couple have no communications between them.

ST. HELENA FESTIVAL TO GIVE HISTORY OF VINE

ST. HELENA, Aug. 13.—The vintage festival, to be given during the St. Helena Vine Festival and Farm Bureau Fair in St. Helena, September 3, 4, 5, and 6, gives the history of the vine in California. It depicts in beautiful spectacles the introduction of the vine by the Spanish priest and how it was received by St. Helena, who promised to nourish and protect it. The part of St. Helena is taken by Miss Ivy Loeber, who presents the several characters as they appear upon the stage and in a splendid prologue, the lines of which are in blank verse given the history of the vine. There are twenty-five characters, all of which are taken by St. Helena young women and men, who are being trained to a high standard of perfection.

The many other features of the festival are assuming shape. Practically all space in the two large exhibit tents has been taken and there will be keen rivalry for the premiums offered. A stock exhibit will be a new feature and will be of great interest to the farmers.

The concerts, parades, the queen's grand ball, the street dance and carnival will all add to the entertainment. St. Helena will offer the crowd expected during the four days of the festival.

"SCIENTIFIC SAM" A SHEEP WHO IS A BLOOD STATION

BATTLE CREEK, Mich., Aug. 13.—This city boasts a scientific sheep—a sort of a b-a-chelor of science. His name is Sam and for a number of years he has been an important member of the scientific staff of a local sanitarium, giving much and exacting little, and always on the job whenever needed.

"Scientific Sam" serves in the capacity of an experiment station. He supplies blood by comparison with himself in a blood testing technique, the state of health of sanitarium patients is partially determined. By reason of these tests, Sam's blood has mingled freely with that of many blue-blooded health seekers who have come here for treatment.

ASSUMES SECRETARYSHIP OF BUILDERS' EXCHANGE

Edwin Davis, former secretary of the Alameda Board of Education, and manager of the West Sacramento Company properties, and well known as a systematization expert, today took office as the new secretary of the Builders' Exchange, William E. Code, the former secretary, has resigned to enter another field.

The new secretary, with President William E. Code, the new director, O. W. Fletcher, will plan at once a membership campaign and a number of new extension plans for the organization, comprised of Alameda county contractors.

LINER FINLAND LATE

It was announced yesterday that the Finland will dock here August 21, four days late, it having been delayed at the Pacific canal by land slides. Aboard the Finland are 250 Harvard graduates and their families, bound for the exposition. Among the passengers is George Lauder Carnegie, nephew of Andrew Carnegie and brother-in-law of Harry K. Thaw. Henry W. Savage, theatrical producer, and his daughter, Miss Bettina True Savage, are on the passenger list.

DISCUSS PORTUGUESE TRADE

PORTLAND, Ore., Aug. 13.—Development of the export trade of Portland and vicinity was the principal subject of a hearing by the federal trades commission, which met in session here today with Chairman Joseph E. Davis presiding. The members of the commission arrived early today from Puget Sound points.

CITIZENRY IS CHARGED

Complaining that her husband had treated her cruelly and spent money given him by his relatives or inherited by him, Nellie Harmon has commenced suit for divorce from John M. Harmon in San Jose in July, 1914, and separated yesterday.

ELEVEN-CENT STAMP IS LATEST; WILL BE USED IN THE PARCELS POST

WASHINGTON, Aug. 13.—An 11-cent stamp, the first of the denomination to be issued, has been authorized by Postmaster General Burleson, to meet the parcel post demand. It is to be distributed to postmasters throughout the country. The new stamp is dark green, and bears the profile of Benjamin Franklin from Houdon's bust. The new stamp is designed to meet the demand for one stamp to cover insurance and C. O. D. charges on parcel post matter. In addition, all parcels for local delivery weighing twelve or thirteen pounds carry 11 cents postage as do parcels weighing seven pounds in the first and second zones.

OLDEST PHYSICIAN DIES

PAWTUCKET, R. I., Aug. 13.—Dr. James L. Whitch, claimed to be the oldest physician in the United States, died last night. He was born in 1823 and was graduated from Harvard Medical College in 1846.

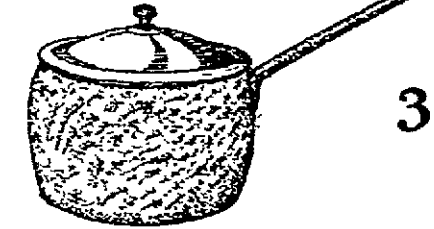

LIFE DIPLOMAS FOR OAKLAND TEACHERS

Several Oakland Pedagogues Among Number Who Attain The Honor.

Several teachers of the east bay cities will receive life diplomas out of the honor which the state board of education yesterday mailed from Sacramento. In all, 34 were mailed. They are for teachers of all grades and circumstances, whose teaching residence in this state entitles them to such honor.

The requirements to secure this diploma for the elementary grades is twenty-four months' teaching for those who have not normal school diplomas. For the high school life certificate the requirements are much more severe. The diplomas will reach Oakland tomorrow, and will be distributed by County School Superintendent G. W. Ford.
